# Directors' Statement

The directors are pleased to present their statement to the members together with the audited consolidated financial statements of First Resources Limited (the "Company") and its subsidiaries (collectively, the "Group") and the balance sheet and statement of changes in equity of the Company for the financial year ended 31 December 2025.

## OPINION OF THE DIRECTORS

In the opinion of the directors,

- (i) the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2025 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date; and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

## DIRECTORS

The directors of the Company in office at the date of this statement are:

Chang See Hiang  
Ciliandra Fangiono  
Fang Zhixiang  
Peter Ho Kok Wai  
Wong Su Yen  
Luo Dan  
Yeo Chor Gek  
Tan Seow Kheng

## ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

## DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

The following directors, who held office at the end of the financial year, had, according to the register of directors' shareholdings, required to be kept under Section 164 of the Singapore Companies Act 1967 (the "Act"), an interest in shares of the Company and related corporations (other than wholly-owned subsidiaries) as stated below:

Name of director	Direct interest			Deemed interest		
	As at 01.01.2025	As at 31.12.2025	As at 21.01.2026	As at 01.01.2025	As at 31.12.2025	As at 21.01.2026
<i>Ordinary shares of the Company</i>						
Ciliandra Fangiono	—	—	—	— <sup>(1)</sup>	— <sup>(2)</sup>	— <sup>(2)</sup>
Fang Zhixiang	—	—	—	— <sup>(1)</sup>	— <sup>(2)</sup>	— <sup>(2)</sup>
Tan Seow Kheng	30,000	30,000	30,000	—	—	—

### Note:

- (1) As at the beginning of the financial year, Eight Capital Inc. ("Eight Capital") directly holds 1,043,966,230 shares in the Company and Eight Capital Trustees Pte Ltd ("ECTPL") holds the entire share capital of Eight Capital as trustee of the Eight Capital Master Trust (the "Trust"), which is a discretionary family trust and subject to the terms of the Trust. The Trust is held for the benefit of the Eight Capital Sub Trust which is held for the benefit of its beneficiaries, including but not limited to Ciliandra Fangiono, Fang Zhixiang, and their respective children and remoter issue. The proportionate interest of each beneficiary cannot be determined.
- (2) As at the end of the financial year and 21 January 2026, Eight Capital directly holds 1,044,704,430 shares in the Company and ECTPL holds the entire share capital of Eight Capital as trustee of the Trust, which is a discretionary family trust and subject to the terms of the Trust. The Trust is held for the benefit of the Eight Capital Sub Trust which is held for the benefit of its beneficiaries, including but not limited to Ciliandra Fangiono, Fang Zhixiang, and their respective children and remoter issue. The proportionate interest of each beneficiary cannot be determined.

# Directors' Statement

## DIRECTORS' INTERESTS IN SHARES AND DEBENTURES (CONT'D)

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares of the Company, or of related corporations, either at the beginning of the financial year or at the end of the financial year.

## SHARE OPTION SCHEME AND SHARE AWARD SCHEME

The Company has in place a share option scheme and a share award scheme known as the First Resources Employee Share Option Scheme 2020 and the First Resources Employee Share Award Scheme 2020 respectively (collectively known as the "Schemes"). The two Schemes are administered by the Remuneration Committee ("RC"), comprising Messrs Wong Su Yen, Chang See Hiang and Luo Dan. Salient details of the two Schemes are as follows:

### (a) *First Resources Employee Share Option Scheme 2020*

- (i) The First Resources Employee Share Option Scheme 2020 (the "ESOS") was approved on 1 June 2020. Confirmed employees (including Directors<sup>1</sup>) of the Group who have attained the age of 21 years are eligible to participate in the ESOS (collectively known as the "Eligible Participants").

Persons who are Directors and employees of the Group's Associated Companies<sup>2</sup>, the Company's parent company and the subsidiaries of the Company's parent company, as well as Controlling Shareholders<sup>3</sup> and their Associates<sup>4</sup>, shall not be eligible to participate in the ESOS.

- (ii) The aggregate number of new shares issued and issuable and/or transferred and transferable in respect of all options granted under the ESOS, and under any other share-based incentive schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued shares of the Company (excluding treasury shares and subsidiary holdings) on the day preceding the date of the relevant grant.
- (iii) Options may be granted from time to time during the year when the ESOS is in force, except that, having regard to the Company's internal compliance code on securities transactions, no option shall be granted during the period of two weeks before the announcement of the Company's operational and financial updates for the first and third quarters of its financial year, and one month before the announcement of the Company's half year and full year financial statements. In addition, in the event that an announcement on any matter of an exceptional nature involving unpublished price sensitive information is made, offers to grant options may only be made on or after the second market day on which such announcement is released.
- (iv) No options have been granted to the Eligible Participants under the ESOS since the commencement of the ESOS till the end of the financial year ended 31 December 2025.

### (b) *First Resources Employee Share Award Scheme 2020*

- (i) The First Resources Employee Share Award Scheme 2020 (the "ESAS") was approved on 1 June 2020. The RC would at its discretion and on a free-of-charge basis, grant awards which represent a specified number of fully paid shares in the share capital of the Company or its equivalent cash value or combinations thereof. The awards will vest only after satisfactory completion of certain conditions. Upon the vesting of an award, the Company shall do any one or more of the following:

- allot new ordinary shares credited as fully paid;
- purchase and transfer existing shares (whether held as treasury shares or otherwise); and/or
- pay the aggregate Market Price<sup>5</sup> of such shares in cash.

- (ii) Confirmed employees (including Directors<sup>1</sup>) of the Group who have attained the age of 21 years are eligible to participate in the ESAS (collectively known as the "Eligible Participants").

Persons who are Directors and employees of the Group's Associated Companies<sup>2</sup>, the Company's parent company and the subsidiaries of the Company's parent company, as well as Controlling Shareholders<sup>3</sup> and their Associates<sup>4</sup>, shall not be eligible to participate in the ESAS.

## Directors' Statement

### SHARE OPTION SCHEME AND SHARE AWARD SCHEME (CONT'D)

#### (b) First Resources Employee Share Award Scheme 2020 (cont'd)

- (iii) The aggregate number of new shares which may be issued and/or transferred pursuant to awards granted under the ESAS, when added to the total number of shares issued and issuable and/or transferred and transferable in respect of any other share-based incentive schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued shares of the Company (excluding treasury shares and subsidiary holdings) on the day preceding the date of the relevant grant.
- (iv) Awards may be granted from time to time during the year when the ESAS is in force, except that, having regard to the Company's internal compliance code on securities transactions, no award shall be granted during the period of two weeks before the announcement of the Company's operational and financial updates for the first and third quarters of its financial year, and one month before the announcement of the Company's half year and full year financial statements. In addition, in the event that an announcement on any matter of an exceptional nature involving unpublished price sensitive information is made, offers to grant awards may only be made on or after the second market day on which such announcement is released.
- (v) During the financial year, awards comprising 517,500 ordinary shares have been granted under the ESAS to certain employees (who are not Directors) of the Group. One-third of the shares granted during the financial year shall vest in each of the months of April 2026, 2027 and 2028. Upon vesting, the participants have the flexibility to choose to receive the vested shares or the aggregate Market Price<sup>5</sup> of such vested shares in cash in lieu of the allotment of new shares or transfer of existing shares held as treasury shares.
- (vi) Details of the movement in share awards outstanding under the ESAS during the financial year are as follows:

Year of grant	As at 01.01.2025	Movement during the year			As at 31.12.2025
		Granted	Vested	Lapsed	
2022	85,400	–	(85,400)	–	–
2023	281,800	–	(140,900)	–	140,900
2024	302,700	–	(100,900)	–	201,800
2025	–	517,500	–	–	517,500
	669,900	517,500	(327,200)	–	860,200

- (vii) Vesting schedule for the share awards outstanding under the ESAS as at 31 December 2025 is as follows:

Year of grant	Vesting month			Total
	April 2026	April 2027	April 2028	
2023	140,900	–	–	140,900
2024	100,900	100,900	–	201,800
2025	172,500	172,500	172,500	517,500
	414,300	273,400	172,500	860,200

- (viii) Since the commencement of the ESAS till the end of the financial year ended 31 December 2025, no participants have received 5% or more of the total number of awards available under the ESAS and no awards have been granted to Directors of the Company.

# Directors' Statement

## SHARE OPTION SCHEME AND SHARE AWARD SCHEME (CONT'D)

### (b) *First Resources Employee Share Award Scheme 2020 (cont'd)*

#### Notes:

- <sup>1</sup> Directors refer to Executive and Non-Executive Directors of the Company.
- <sup>2</sup> Associated Company refers to a company in which at least twenty per cent. (20%) but no more than fifty per cent. (50%) of its shares are held by the Company or the Group.
- <sup>3</sup> Controlling Shareholder refers to a person who (a) holds directly or indirectly fifteen per cent. (15%) or more of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the Company (unless the SGX-ST determines otherwise); or (b) in fact exercises control over the Company, as defined under the Listing Manual.
- <sup>4</sup> Associate in relation to:
- (a) any Director, chief executive officer, Substantial Shareholder or Controlling Shareholder (being an individual) means (i) his immediate family; (ii) the trustees of any trust of which he or his immediate family is a beneficiary or, in the case of a discretionary trust, is a discretionary object; and (iii) any company in which he and his immediate family together (directly or indirectly) have an interest of thirty per cent. (30%) or more;
- (b) a Substantial Shareholder or a Controlling Shareholder (being a company) means any other company which is its subsidiary or holding company or is a subsidiary of such holding company or one of the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of thirty per cent. (30%) or more.
- <sup>5</sup> Market Price in relation to the ESAS refer to the average of the last dealt prices for a share determined by reference to the daily list published by the SGX-ST for a period of five (5) consecutive Market Days<sup>6</sup> immediately prior to the relevant date of vesting, provided always that in the case of a Market Day on which the shares are not traded on the SGX-ST, the last dealt price for shares on such Market Day shall be deemed to be the last dealt price of the shares on the immediately preceding Market Day on which the shares were traded, rounded to the nearest whole cent in the event of fractional prices.
- <sup>6</sup> Market Day refers to a day on which the SGX-ST is open for securities trading.

## AUDIT COMMITTEE

The Audit Committee ("AC") carried out its functions in accordance with Section 201B (5) of the Act, including the following:

- assisting the Board of Directors in the discharge of its responsibilities on financial and accounting matters;
- reviewing the audit plans, scope of work, results and quality of audits carried out by the external and internal auditors;
- reviewing the co-operation given by Management to the external and internal auditors;
- reviewing significant financial reporting issues and judgements relating to financial statements for each financial year and the auditor's report before submission to the Board of Directors for approval;
- reviewing the integrity of any financial information presented to shareholders;
- reviewing the risk management framework and providing oversight of the risk management processes and activities to mitigate and manage risks at acceptable levels determined by the Board of Directors;
- reviewing the assurances provided by Management on the financial records and financial statements and regarding the adequacy and effectiveness of the Company's risk management system and internal controls;
- reviewing the adequacy and effectiveness of the Company's system of risk management and internal controls (including financial, operational, compliance and information technology controls) via reviews carried out by the internal auditors, and taking into consideration the external auditors' findings arising from their annual audit;

# Directors' Statement

## AUDIT COMMITTEE (CONT'D)

- reviewing and monitoring the Company's risk of becoming subject to, or violating, any sanctions law, as well as the adequacy and effectiveness of control measures addressing any sanctions-related risks;
- reviewing the nature and extent of non-audit services provided by the external auditors yearly to determine their independence;
- recommending to the Board of Directors the appointment and re-appointment of the external auditors and approving their compensation and terms of engagement;
- meeting with the external and internal auditors without the presence of the Company's Management annually;
- reviewing the adequacy, effectiveness and independence of the internal audit function, including ensuring that it is adequately resourced and has the appropriate standing within the Company;
- reviewing the appointment, remuneration and resignation of the Head of Internal Audit;
- reviewing interested person transactions;
- reviewing potential conflicts of interest, if any; and
- investigating any matter within its terms of reference.

The AC, having reviewed all non-audit services provided by the external auditors to the Group, is satisfied that the nature and extent of such services would not compromise the independence of the external auditors. The AC has also conducted a review of interested person transactions.

During the financial year, the AC convened four meetings and had also met with the external and internal auditors without the presence of the Company's management.

Further details regarding the AC are disclosed in the Corporate Governance Report.

## AUDITOR

Ernst & Young LLP has expressed its willingness to accept re-appointment as auditor.

On behalf of the Board of Directors,

Chang See Hiang  
Director

Ciliandra Fangiono  
Director

# Independent Auditor's Report

For the financial year ended 31 December 2025

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF FIRST RESOURCES LIMITED

### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

#### **Opinion**

We have audited the financial statements of First Resources Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2025, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2025 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code"), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Singapore. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year.

These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

# Independent Auditor's Report

For the financial year ended 31 December 2025

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF FIRST RESOURCES LIMITED (CONT'D)

### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

#### *Key Audit Matters (cont'd)*

##### *Goodwill Impairment*

As at 31 December 2025, goodwill is carried at US\$126.7 million which represents 6% of the total non-current assets and 8% of total equity. As part of the requirement under SFRS(I) 1-36 to assess goodwill impairment annually, management has prepared a discounted cash flow model to determine the recoverable value of the goodwill using the value in use method. The audit procedures over management's annual impairment test were significant to our audit because the assessment process is complex, involved significant management judgement and estimates, and is based on a number of key assumptions as disclosed in Note 18 to the financial statements.

Given the complexity, we have engaged our internal valuation specialists to assist us in reviewing the appropriateness of the methodology and the reasonableness of certain key predictive assumptions used by management such as pre-tax discount rate, projected crude palm oil ("CPO") price, terminal growth rate and forecasted exchange rate. We also compared operational assumptions, such as projected capital expenditures, fresh fruit bunches ("FFB") yield and cost of production, against historical data to assess their reasonableness. We considered the robustness of management's budgeting process by comparing the actual results versus previously forecasted figures. Further, we assessed whether the future cash flows were based on the financial budgets approved by the Board of Directors. We also performed sensitivity analysis on the value-in-use amounts to changes in pre-tax discount rate, terminal growth rate and the projected CPO price.

We also focused on the adequacy of the note disclosures concerning those key assumptions to which the outcome of the impairment test is most sensitive. The note disclosures on goodwill, key assumptions and sensitivities are included in Note 18 to the financial statements.

##### *Accounting for the acquisition of PT Austindo Nusantara Jaya Tbk. ("PT ANJ")*

During the year, the Group completed the acquisition of PT ANJ, through which it obtained control and PT ANJ became a subsidiary of the Group. The Group has determined the acquisition to be a business combination for which the purchase price is to be allocated among acquired assets and liabilities at their respective fair values, with any excess recognised as goodwill. Independent professional valuers were engaged by the Group to assist in the purchase price allocation exercise, including determining the fair valuation of acquired assets and liabilities and their estimated useful lives. The identification of the assets and liabilities to be recognised and their respective measurement at fair value are inherently judgemental. Accordingly, we considered this area to be a key audit matter.

We obtained and reviewed the valuations prepared by independent valuers and management for the assets and liabilities acquired. Together with our valuation specialists, we assessed the competence, capabilities and objectivity of the valuers, and assessed the reasonableness of their conclusions having regard to the key assumptions used, including forecast cash flows focusing on revenues and earnings before interest and tax ("EBIT"), the appropriateness of discount and inflationary rates, and cross-checking valuation assumptions against comparable companies, whilst considering the risk of management bias and also the reasonableness of the residual goodwill and the consideration transferred.

## OTHER INFORMATION

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Independent Auditor's Report

For the financial year ended 31 December 2025

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF FIRST RESOURCES LIMITED (CONT'D)

### RESPONSIBILITIES OF MANAGEMENT AND DIRECTORS FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the Group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the Group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the Group audit. We remain solely responsible for our audit opinion.

# Independent Auditor's Report

For the financial year ended 31 December 2025

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF FIRST RESOURCES LIMITED (CONT'D)

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by the subsidiaries incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Vincent Toong.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION

### 2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)”).

The financial statements have been prepared on the historical cost basis, except as disclosed in the accounting policies below.

The financial statements are presented in United States Dollar (“USD” or “US\$”) and all values are rounded to the nearest thousand (“US\$’000”), except when otherwise indicated.

### 2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted all the new and amended standards which are relevant to the Group and are effective for annual financial periods beginning on or after 1 January 2025. The adoption of these standards did not have any material effect on the financial performance or position of the Group and the Company.

### 2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendments to SFRS(I) 9 and SFRS(I) 7: <i>Amendments to the Classification and Measurement of Financial Instruments</i>	1 January 2026
Annual Improvements to SFRS(I)s—Volume 11	1 January 2026
SFRS(I) 18: <i>Presentation and Disclosure in Financial Statements</i>	1 January 2027
Amendments to SFRS(I) 10 and SFRS(I) 1-28: <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	To be determined

Management expects that the adoption of the standards above will have no material impact on the Group’s consolidated financial statements in the year of initial application, except for SFRS(I) 18.

#### **SFRS(I) 18 Presentation and Disclosure in Financial Statements**

SFRS(I) 18 replaces SFRS(I) 1-1 *Presentation of Financial Statements* and introduces new presentation requirements for the income statement, including specified totals and subtotals, as well as new disclosure requirements for management-defined performance measures and the aggregation and disaggregation of financial information. The Group is currently in the process of assessing the impact of adopting this standard.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.4 *Basis of consolidation and business combinations*

#### (a) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to similar transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

#### (b) *Business combinations*

Other than business combinations involving entities under common control, business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is an asset or liability are recognised in profit or loss.

Non-controlling interest in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of net assets of the acquiree are recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. The accounting policy for goodwill is set out in Note 2.12(a). In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

#### Business combinations involving entities under common control

Business combinations involving entities under common control are accounted for by applying the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts reported in the consolidated financial statements of the controlling holding company. Any difference between the consideration paid and the share capital of the "acquired" entity is reflected within equity as "Differences arising from restructuring transactions involving entities under common control". The statement of comprehensive income reflects the results of the combining entities for the full year, irrespective of when the combination takes place. Comparatives are presented as if the entities had always been combined since the date the entities had come under common control.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.5 *Transactions with non-controlling interests*

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company, and are presented separately in the consolidated statement of comprehensive income and within equity in the consolidated balance sheet, separately from equity attributable to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

### 2.6 *Foreign currency*

The financial statements are presented in USD, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

#### (a) *Transactions and balances*

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

#### (b) *Consolidated financial statements*

For consolidation purpose, the assets and liabilities of foreign operations are translated into USD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the average exchange rates for the year. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss of the Group.

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are re-attributed to non-controlling interest and are not recognised in profit or loss. For partial disposals of associates or jointly controlled entities that are foreign operations, the proportionate share of the accumulated exchange differences is reclassified to profit or loss of the Group.

### 2.7 *Biological assets*

Biological assets relate to agricultural produce growing on bearer plants, which is referred to as Fresh Fruit Bunches ("FFB") and are stated at fair value less costs to sell. Gains or losses arising from the changes in fair value less estimated costs to sell of FFB at each reporting date are included in profit or loss for the period in which they arise.

The fair value of biological assets is estimated by reference to the projected harvest quantities and market price of FFB as at the balance sheet date, net of harvesting costs and estimated cost to sell.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.8 *Property, plant and equipment*

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings and improvements	–	5 to 20 years
Machinery and installations	–	5 to 15 years
Farming and transportation equipment	–	5 to 20 years
Furniture, fittings, office equipment and others	–	3 to 5 years

Assets under construction included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each reporting date and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in profit or loss in the year the asset is derecognised.

### 2.9 *Bearer plants*

Bearer plants primarily comprise oil palm plantations and are measured at accumulated cost (before maturity) and at cost, less any subsequent accumulated depreciation and impairment losses (after maturity).

Upon maturity, bearer plants are depreciated on a straight-line basis over the estimated useful life of 20 years.

The carrying values of the bearer plants are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each reporting date and adjusted prospectively, if appropriate.

Bearer plants are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the bearer plant is included in profit or loss in the year the asset is derecognised.

Cultivation of seedling is stated at cost. The accumulated cost will be reclassified to immature plantations at the time of planting.

Bearer plants also include land preparation costs which is the cost incurred to clear the land and to ensure that the plantations are in a state ready for the planting of seedlings.

### 2.10 *Land use rights*

*Hak Guna Usaha* (“HGU”) or *Right to Cultivate*, *Hak Guna Bangunan* (“HGB”) or *Right to Build* and *Hak Pakai* (“HP”) or *Right of Use* are land rights that grant the registered holders of such rights use of the land for terms of 10 to 35 years, which may be extended subject to agreement with the Government of Indonesia and payment of premium.

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation. The land use rights are amortised on a straight-line basis over their terms of 10 to 35 years.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.11 Plasma receivables

In support of the Indonesian Government policy, the Group develops plasma plantations under the schemes of *Perkebunan Inti Rakyat Transmigrasi* ("PIR") and *Kredit Koperasi Primer untuk Anggotanya* ("KKPA") for farmers who are members of rural cooperatives unit, *Koperasi Unit Desa* ("KUD").

The Group assumes responsibility for developing oil palm plantations to the productive stage. When the plantation is at its productive stage, it is considered to be completed and is transferred to the plasma farmers (conversion of plasma plantations). All costs incurred will be reviewed by the relevant authorities and the Group will be reimbursed for all approved costs which are financed by KUD or a bank. Conversion value refers to the value reimbursed to the Group upon conversion of the plasma plantations.

The plasma farmers sell all harvest to the Group at a price determined by the Government, which approximates the market price. Part of the proceeds will be retained by the Group and used to pay KUD or the bank for the loan taken by the plasma farmers. In situations where the sales proceeds are insufficient to meet the repayment obligations to the banks, the Group also provides temporary funding to the plasma farmers.

Accumulated development costs net of reimbursements are presented in the balance sheet. Any difference between the accumulated development costs of plasma plantations and their conversion value is charged to profit or loss. The plasma receivables are assessed for impairment in accordance with Note 2.17.

Reclassifications from bearer plants to plasma receivables relate to costs incurred for development of plasma receivables previously capitalised under bearer plants, so as to be in line with the Indonesian Government's Ministry of Agriculture Regulation for plantation companies to develop plasma plantations for farmers in the local community who are members of rural cooperatives unit KUD.

### 2.12 Intangible assets

#### (a) Goodwill

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

Where goodwill forms part of a cash-generating unit and part of the operation within that cash-generating unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative fair values of the operations disposed of and the portion of the cash-generating unit retained.

#### (b) Other intangible assets

Intangible assets acquired separately are measured initially at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.12 *Intangible assets (cont'd)*

#### *(b) Other intangible assets (cont'd)*

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each reporting date. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and adjusted prospectively.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

### 2.13 *Subsidiaries*

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

### 2.14 *Impairment of non-financial assets*

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.15 Financial instruments

#### (a) Financial assets

##### Initial recognition and measurement

Financial assets are recognised when, and only when the Group becomes a party to the contractual provisions of the financial instrument.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

When the transaction price of a financial instrument differs from its fair value at initial recognition, and the fair value is determined using a valuation technique that incorporates only market observable inputs, the Group recognises the difference between the transaction price and fair value immediately in profit or loss. Where the fair value is determined using valuation techniques that incorporate inputs that are not fully observable in the market, the difference between the transaction price and the fair value is deferred. The deferred difference is amortised on a straight-line basis over the life of the instrument, or recognised in profit or loss when there is a change in a factor (including time) that market participants would take into account when pricing the financial instrument. Any unamortised amount is immediately recognised in profit or loss when the instrument is derecognised or when the inputs become market observable.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties, if the trade receivables do not contain a significant financing component at initial recognition.

##### Subsequent measurement

##### Investments in debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are:

##### (i) Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through the amortisation process.

##### (ii) Fair value through other comprehensive income ("FVOCI")

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Financial assets measured at FVOCI are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

##### (iii) Fair value through profit or loss ("FVTPL")

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.15 *Financial instruments (cont'd)*

#### (a) *Financial assets (cont'd)*

##### **Subsequent measurement (cont'd)**

###### Investments in equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in other comprehensive income. Dividends from such investments are to be recognised in profit or loss when the Group's right to receive payments is established. For investments in equity instruments which the Group has not elected to present subsequent changes in fair value in other comprehensive income, changes in fair value are recognised in profit or loss.

###### Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. Changes in fair value of derivatives are recognised in profit or loss.

##### **Derecognition**

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

##### **Regular way purchase or sale of a financial asset**

All regular way purchases and sales of financial assets are recognised or derecognised on the trade date i.e., the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned.

#### (b) *Financial liabilities*

##### **Initial recognition and measurement**

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

##### **Subsequent measurement**

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

##### **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.15 *Financial instruments (cont'd)*

#### (c) *Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheets when, and only when, there is a currently enforceable legal right to set off the recognised amounts and an intention to either settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 2.16 *Transfers between levels of the fair value hierarchy*

Transfers between levels of the fair value hierarchy are deemed to have occurred on the date of the event or change in circumstances that caused the transfers.

### 2.17 *Impairment of financial assets*

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a "12-month ECL"). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a "lifetime ECL").

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

### 2.18 *Inventories*

Inventories are stated at the lower of cost and net realisable value.

Cost of inventories is determined using the weighted average method.

Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### 2.19 *Cash and cash equivalents*

Cash and cash equivalents comprise cash at banks and on hand, demand deposits, and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.20 *Financial guarantee*

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are measured at the higher of the amount of expected credit loss determined in accordance with the policy set out in Note 2.17 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised over the period of the guarantee.

### 2.21 *Provisions*

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### 2.22 *Hedge accounting*

The Group applies hedge accounting for certain hedging relationships which qualify for hedge accounting.

For the purpose of hedge accounting, hedges are classified as:

- fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment (except for foreign currency risk);
- cash flow hedges when hedging exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment; or
- hedges of a net investment in a foreign operation.

At the inception of a hedging relationship, the Group formally designates and documents the hedging relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

The Group does not have any fair value hedges or hedges of net investment in foreign operations in 2025 and 2024.

Cash flow hedges which meet the strict criteria for hedge accounting are accounted for as follows:

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income, while any ineffective portion is recognised immediately in profit or loss.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.22 *Hedge accounting (cont'd)*

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss. Where the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as other comprehensive income are transferred to the initial carrying amount of the non-financial asset or liability.

When a cash flow hedge is discontinued, the cumulative gain or loss previously recognised in other comprehensive income will remain in the cash flow hedge reserve until the future cash flows occur if the hedged future cash flows are still expected to occur or reclassified to profit or loss immediately if the hedged future cash flows are no longer expected to occur.

### 2.23 *Government grants*

Government grants are recognised as a receivable when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Grants received have been presented a deduction to the related expense.

When loans or similar assistance are provided by governments or related institutions with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as additional government grant.

### 2.24 *Borrowing costs*

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### 2.25 *Issuance costs on borrowings*

Transaction costs directly attributable to the issuance of borrowings are deducted from the proceeds in the balance sheet as discounts and amortised over the maturity period using the effective interest method.

### 2.26 *Share capital and share issuance expenses*

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

### 2.27 *Treasury shares*

The Company's own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount of treasury shares and the consideration received, if reissued, is recognised directly in equity. Voting rights related to treasury shares are nullified for the Company and no dividends are allocated to them respectively.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.28 Employee benefits

#### (a) Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund ("CPF") scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

#### (b) Defined benefit plans

The Group provides post-employment benefits to qualified employees in Indonesia as required under the applicable labour laws and government regulations.

The cost of providing benefits under the defined benefit plans is determined using the projected unit credit actuarial valuation method, based on the report prepared by an independent firm of actuaries.

Defined benefit costs comprise the following:

- Service cost;
- Net interest on the net defined benefit liability or asset; and
- Remeasurements of net defined benefit liability or asset.

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognised as expense in profit or loss. Past service costs are recognised when plan amendment or curtailment occurs.

Net interest on the defined benefit liability is the change during the period in the defined benefit liability that arises from the passage of time which is determined by applying the discount rate based on high quality corporate bonds to the defined benefit liability. Net interest on the defined benefit liability is recognised as expense in profit or loss.

Remeasurements comprising actuarial gains and losses (excluding net interest on defined benefit liability) are recognised immediately in other comprehensive income in the period in which they arise. Remeasurements are recognised in retained earnings within equity and are not reclassified to profit or loss in subsequent periods.

The net defined benefit liability is the aggregate of the present value of the defined benefit obligation (derived using a discount rate based on high quality corporate bonds) at the end of the reporting period.

#### (c) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to the employees. The estimated liability for leave is recognised for services rendered by employees up to the end of the reporting period.

#### (d) Share-based compensation benefits

The Company has in place a share option scheme and a share award scheme, under which eligible employees (including Directors) of the Group may receive share options and/or share awards as consideration for their services rendered.

Options granted under the share option scheme would be accounted for as equity-settled transactions.

Awards under the share award scheme, if settled by way of the issue of new shares or through the transfer of existing shares (including treasury shares), would be accounted for as equity-settled transactions. In the event participants have the right to receive cash in lieu of the allotment or transfer of shares, the awards would be accounted for as cash-settled transactions.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.28 *Employee benefits (cont'd)*

#### (d) *Share-based compensation benefits (cont'd)*

##### **Equity-settled transactions**

The cost of equity-settled transactions is measured by reference to the fair value of the options or awards at the date of grant, which takes into account market conditions and non-vesting conditions. This cost is recognised in the income statement, with a corresponding increase in the employee share-based compensation reserve, over the vesting period. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the income statement for a period represents the movement in cumulative expense recognised as at the beginning and end of that period.

No expense is recognised for equity instruments that do not ultimately vest because non-market performance and/or service conditions have not been met. Where equity instruments include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

In the case where the equity instrument does not vest as the result of a failure to meet a non-vesting condition that is within the control of the Group or the participant, it is accounted for as a cancellation. In such case, the amount of the compensation cost that otherwise would be recognised over the remainder of the vesting period is recognised immediately in the income statement upon cancellation.

##### **Cash-settled transactions**

A liability is recognised for the fair value of cash-settled transactions. The fair value is measured initially and at each reporting date up to and including the settlement date, with changes in fair value recognised in income statement. The fair value is expensed over the period until the vesting date with recognition of a corresponding liability.

### 2.29 *Leases*

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### (a) *As lessee*

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

##### **Right-of-use assets**

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2.14.

The Group's associated right-of-use assets were included within property, plant and equipment (Note 2.8) and land use rights (Note 2.10).

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.29 Leases (cont'd)

#### (a) As lessee (cont'd)

##### Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are included in loans and borrowings from financial institutions presented in Note 31.

##### Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as an expense on a straight-line basis over the lease term.

#### (b) As lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

### 2.30 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

#### (a) Sale of goods

Revenue from sales arising from physical delivery of palm-based products is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or possible return of goods.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.30 Revenue (cont'd)

#### (b) Interest income

Interest income is recognised using the effective interest method.

#### (c) Dividend income

Dividend income is recognised when the right to receive payment is established.

### 2.31 Taxes

#### (a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### (b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and carry forward of unused tax credits and unused tax losses can be utilised except:

- where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

### 2.31 Taxes (cont'd)

#### (b) Deferred tax (cont'd)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

#### (c) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax or Value-Added Tax ("VAT") except:

- where the sales tax or VAT incurred on a purchase of assets or services is not recoverable from the tax authority, in which case the sales tax or VAT is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax or VAT included.

The net amount of sales tax or VAT recoverable from, or payable to, the tax authority is included as part of receivables or payables in the balance sheet.

### 2.32 Segment reporting

For management purposes, the Group is organised into operating segments based on their products. Management regularly reviews the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 43, including the factors used to identify the reportable segments and the measurement basis of segment information.

### 2.33 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
  - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

### 3.1 Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the consolidated financial statements:

#### (a) Determination of functional currency

The Group measures foreign currency transactions in the respective functional currencies of the Company and its subsidiaries. In determining the functional currencies of the entities in the Group, judgement is required to determine the currency that mainly influences sales prices for goods and services and of the country whose competitive forces and regulations mainly determine the sales prices of its goods and services. The functional currencies of the entities in the Group are determined based on management's assessment of the economic environment in which the entities operate and the entities' process of determining sales prices.

#### (b) Capitalisation of borrowing costs

In determining the amount of borrowing costs to be capitalised, if any, judgement is required to determine the amount of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, judgement is also required to determine the extent of expenditure on that asset financed via general borrowings and those funded via cash generated from operating activities.

Aside from borrowings taken up specifically for the construction of an asset, the Group manages its cash and bank balances and liquidity requirements on a pooled basis, which includes the cash generated from operating activities during the year as well as the cash and bank balances available at the beginning of the year.

Management has applied judgement in determining the borrowing costs arising from loans obtained specifically for the construction of an asset, and in estimating the extent to which the development of oil palm plantations may have been financed via general borrowings, if such amounts are material to the Group's financial statements.

### 3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### (a) Biological assets

The Group carries its biological assets at fair value less costs to sell, with changes in fair value being recognised in profit or loss. The determination of the fair value of the biological assets requires the use of estimates on the projected harvest quantities and market price of FFB as at the balance sheet date, net of harvesting costs and estimated costs to sell. The carrying amount and key assumptions used to determine the fair value of the biological assets are further disclosed in Note 21 and Note 40(d) respectively.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONT'D)

### 3.2 Key sources of estimation uncertainty (cont'd)

#### (b) Impairment of non-financial assets

The Group assesses whether there are any indicators of impairment for all non-financial assets at each reporting date.

Goodwill and other intangible assets with indefinite useful lives are tested for impairment annually and at other times when such indicators exist. Other non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. An impairment exists when the carrying value of an asset or cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use.

The value in use calculation is based on a discounted cash flow model. Management estimates the expected future cash flows from the asset or cash-generating unit and chooses a suitable discount rate in order to calculate the present value of those cash flows. Further details of the key assumptions applied in the impairment assessment of goodwill are disclosed in Note 18.

#### (c) Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations and the amount and timing of future taxable income. Given the wide range of international business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax provisions and recoverables already recorded. The Group establishes tax provisions and recoverables based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it operates. The amount of such provisions and recoverables are based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the relevant tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective Group company's domicile.

The carrying amounts of provision for tax and tax recoverable as at 31 December 2025 are US\$59.3 million (2024: US\$33.5 million) and US\$82.0 million (2024: US\$81.4 million) respectively.

#### (d) Deferred taxes

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Where taxable profits are expected in the foreseeable future, deferred tax assets are recognised on the unused tax losses. The carrying amounts of deferred tax assets and liabilities are disclosed in Note 10(c).

#### (e) Defined benefit plan

The cost of defined benefit pension plans is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, mortality rates and future salary increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The discount rate is based on the yields of government bonds in the specific country with maturities corresponding to the expected duration of the defined benefit obligation. The mortality rate is based on publicly available mortality tables for the specific country. Future salary increases are based on management's projections, taking into consideration expected future inflation rates for the specific country.

The carrying amount of the provision for post-employment benefits, together with further details about the assumptions, is disclosed in Note 33.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONT'D)

### 3.2 Key sources of estimation uncertainty (cont'd)

#### (f) Allowance for expected credit losses ("ECL")

##### (i) ECL on plasma receivables and financial guarantees provided for plasma bank loans

The Group computes expected credit loss for plasma receivables and the financial guarantees provided for plasma bank loans using the general approach. Loss allowance for 12-month ECL is recognised, which represents the consequences and probabilities of possible defaults. In calculating the expected credit loss rates, the Group considers the difference in credit spreads between the interest rate on loans provided by banks to the plasma farmers and the Indonesian Government bond yield rates and adjusts for forward-looking information as well as reasonable forecasts of future economic conditions and interest rates.

Further information about the allowance for expected credit losses on plasma receivables and the financial guarantees provided for plasma bank loans are disclosed in Note 13 and Note 41(d) respectively.

##### (ii) ECL on trade receivables

The Group provides for lifetime expected credit losses for its trade receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due by grouping of customers based on company size and payment mode. The calculation of the expected credit losses also incorporates forward looking information such as forecasts of economic conditions in the industry that the customers operate in.

Further information about the allowance for expected credit losses on the trade receivables is disclosed in Note 23 and Note 41(d) respectively.

#### (g) Valuation of goodwill and assets/liabilities through business combinations

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The fair value of such assets and liabilities are estimated by independent professional valuers where significant, or using the discounted cash flow model, which requires the Group to make an estimate of the expected future cash flows of the acquired business and choosing a suitable discount rate. The business combinations completed during the current financial year are disclosed in Note 17(d).

## 4. SALES

The Group derives revenue from the transfer of goods at a point in time for the following products:

	Group	
	2025 US\$'000	2024 US\$'000
Crude palm oil	187,859	211,606
Palm kernel	6,365	817
Fresh fruit bunches	7,439	6,517
Processed palm-based products	1,459,414	819,814
	<u>1,661,077</u>	<u>1,038,754</u>

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 5. COST OF SALES

	Group	
	2025	2024
	US\$'000	US\$'000
Cost of inventories recognised as an expense	635,402	319,415
Depreciation of bearer plants and property, plant and equipment (Note 14)	107,504	80,840
Net defined benefit plan expense charged (Note 33)	5,233	5,340
Plantation, milling and processing costs (including employee benefits)	217,233	187,457
	<u>965,372</u>	<u>593,052</u>

## 6. SELLING AND DISTRIBUTION COSTS

	Group	
	2025	2024
	US\$'000	US\$'000
Export taxes	58,832	40,118
Freight charges	63,638	44,391
Depreciation of property, plant and equipment (Note 14)	2,005	750
Others	5,498	6,324
	<u>129,973</u>	<u>91,583</u>

## 7. GENERAL AND ADMINISTRATIVE EXPENSES

The following items have been included in arriving at general and administrative expenses:

	Group	
	2025	2024
	US\$'000	US\$'000
Audit fees paid to:		
– Auditors of the Company	231	185
– Affiliates of auditors of the Company	564	412
– Other auditors	22	9
Non-audit related service fees paid to:		
– Auditors of the Company	137	165
Salaries, bonuses and other benefits (including Central Provident Fund contributions)	31,890	22,661
Net defined benefit plan expense (Note 33)	456	1,291
Share-based compensation expense	731	354
Lease expense	854	627
Depreciation of property, plant and equipment (Note 14)	1,594	1,660
Amortisation of other intangible assets (Note 14)	116	48
Directors' fees	498	438

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 8. NET FINANCIAL EXPENSE

	Group	
	2025 US\$'000	2024 US\$'000
Interest expense and amortisation on loans and borrowings from financial institutions carried at amortised cost	50,734	13,260
Less: capitalised to bearer plants, property, plant and equipment	(12,269)	–
	38,465	13,260
Interest income from financial assets carried at amortised cost	(8,832)	(6,145)
	29,633	7,115

## 9. PROFIT BEFORE TAX

The following items have been included in arriving at profit before tax:

	Group	
	2025 US\$'000	2024 US\$'000
Provision for/(write-back of) expected credit losses on financial assets:		
– Trade receivables (Note 23)	290	257
– Plasma receivables (Note 41(d))	(114)	(121)
– Financial guarantees provided for plasma bank loans (Note 41(d))	(329)	(327)
(Gain)/loss on disposal of bearer plants and property, plant and equipment	(844)	185
Write-off of bearer plants and property, plant and equipment	2,455	3,273
Impairment of bearer plants	884	2,869
Gain arising from changes in carrying value of plasma receivables	(2,049)	(929)
Loss on disposal of subsidiaries (Note 17(e))	274	1,261

## 10. TAX EXPENSE

### (a) Major components of tax expense

The major components of tax expense for the financial years ended 31 December 2025 and 2024 are as follows:

	Group	
	2025 US\$'000	2024 US\$'000
<b>Income statement:</b>		
<i>Current income tax</i>		
– Current year	111,442	69,437
– Under provision in respect of previous years	3,042	880
<i>Deferred income tax</i>		
– Origination and reversal of temporary differences, net	(4,360)	1,959
	110,124	72,276

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 10. TAX EXPENSE (CONT'D)

### (a) Major components of tax expense (cont'd)

	Group	
	2025	2024
	US\$'000	US\$'000
<b>Income tax related to other comprehensive income:</b>		
Actuarial movements on defined benefit plan	3,061	893
Net change in fair value of cash flow hedges	(556)	332
	<u>2,505</u>	<u>1,225</u>

### (b) Relationship between tax expense and accounting profit

The reconciliation between tax expense and the product of accounting profit multiplied by the applicable corporate tax rates for the financial years ended 31 December 2025 and 2024 is as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
Profit before tax	<u>483,679</u>	<u>330,384</u>
Tax expense at domestic rate applicable to profits in the countries where the Group operates	106,918	73,186
<i>Adjustments:</i>		
Non-deductible expenses	3,427	4,035
Income not subject to tax	(3,743)	(824)
Deferred tax assets not recognised	3,829	1
Benefits from previously unrecognised tax losses	–	(1,263)
Effect of tax incentives	(3,541)	(3,774)
Under provision in respect of previous years	3,042	880
Others	192	35
Tax expense recognised in profit or loss	<u>110,124</u>	<u>72,276</u>

The corporate tax rate for companies in Indonesia and Singapore is 22% and 17% (2024: 22% and 17%) respectively.

### (c) Deferred tax assets and liabilities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred taxes relate to the same taxable entity and the same tax authority. The following amounts, determined after appropriate offsetting, were shown in the balance sheets:

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 10. TAX EXPENSE (CONT'D)

### (c) *Deferred tax assets and liabilities (cont'd)*

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Deferred tax assets	36,131	31,331	565	329
Deferred tax liabilities	(42,910)	(7,953)	–	–

Deferred tax assets and liabilities (prior to offsetting) comprise the following:

Group	Consolidated balance sheet		Consolidated income statement	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
<i>Deferred tax assets:</i>				
Unutilised tax losses	23,650	20,438	(3,077)	757
Provisions	4,092	2,479	(1,081)	(956)
Post-employment benefits	3,470	5,872	789	(1,217)
Lease liabilities	1,379	726	(693)	317

## 10. TAX EXPENSE (CONT'D)

### (c) *Deferred tax assets and liabilities (cont'd)*

Company	Balance sheet	
	2025 US\$'000	2024 US\$'000
<i>Deferred tax assets:</i>		
Provisions	552	323
Differences in depreciation for tax purposes	15	7
	<u>567</u>	<u>330</u>
<i>Deferred tax liabilities:</i>		
Others	(2)	(1)
	<u>(2)</u>	<u>(1)</u>
Net deferred tax assets	<u>565</u>	<u>329</u>

#### Unrecognised tax losses and tax credits

As at 31 December 2025, the Group has unrecognised tax losses and tax credits of US\$5.4 million (2024: US\$17,000) and US\$140.4 million (2024: US\$157.8 million) respectively. The related deferred tax assets of US\$1.1 million (2024: US\$4,000) and US\$30.9 million (2024: US\$34.7 million) attributable to such tax losses and tax credits respectively were not recognised due to uncertainty of their recoverability, especially the tax credits which can only be claimed over an extended number of years, subject to agreement of the tax authorities and compliance with certain provisions of the tax legislation of the country in which the companies operate. Other than tax losses amounting to US\$2.1 million (2024: US\$Nil) which has no expiry date, the remaining tax losses will expire between 2026 and 2030 (2024: 2025 and 2029).

#### Unrecognised temporary differences relating to investments in subsidiaries

As at 31 December 2025 and 2024, no deferred tax liability has been recognised for taxes that would be payable on the undistributed earnings of certain of the Group's subsidiaries as the Group has determined that undistributed earnings of these subsidiaries will not be distributed in the foreseeable future and such temporary differences for which no deferred tax liability has been recognised aggregate to US\$2,353 million (2024: US\$1,861 million). The related deferred tax liability is estimated to be US\$235.3 million (2024: US\$186.1 million).

#### International Tax Reform – Pillar Two Model Rules

The Organisation for Economic Co-operation and Development ("OECD") has published the Global Anti-Base Erosion ("GloBE") Model Rules, which include a minimum 15% tax rate by jurisdiction ("Pillar Two"). The Pillar Two legislation has been enacted or substantively enacted in the jurisdictions that the Group operates in, namely Singapore and Indonesia. This legislation will be effective for the Group's financial year beginning on or after 1 January 2025 onwards for the said countries. The Group has applied the temporary exception from accounting for deferred taxes arising from Pillar Two model rules, as provided in the amendments to SFRS(I) 1-12 issued in May 2023. Accordingly, the Group neither recognises nor discloses information about deferred tax assets and liabilities related to Pillar Two income taxes.

The Group is within the scope of the OECD's BEPS Pillar Two model rules. Both Indonesia and Singapore have enacted the Global Anti-Base Erosion ("GloBE") rules, including the Multinational Top-up Tax (the equivalent of the Income Inclusion Rule) and the Domestic Top-up Tax (the equivalent of a Qualified Domestic Minimum Top-up Tax), which are effective for financial years beginning on or after 1 January 2025.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 10. TAX EXPENSE (CONT'D)

### (c) *Deferred tax assets and liabilities (cont'd)*

The Group has performed an assessment of its exposure to Pillar Two top-up taxes for the year ended 31 December 2025 based on the financial information for the constituent entities in the Group. Based on the assessment, any top-up tax is not expected to have a material impact on the Group's consolidated financial statements for the financial year.

## 11. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing profit for the year attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

Diluted earnings per share is calculated by dividing profit for the year attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year plus the weighted average number of ordinary shares that would be issued on conversion of all dilutive potential ordinary shares into ordinary shares.

	Group	
	2025	2024
Profit for the year attributable to owners of the Company (US\$'000)	353,933	245,792
Weighted average number of ordinary shares* ('000)	1,549,243	1,554,093
Basic earnings per share (US cents)	22.85	15.82

\* *The weighted average number of shares takes into account the weighted average effect of changes in treasury shares during the year.*

There are no dilutive potential ordinary shares as at 31 December 2025 and 2024.

## 12. BEARER PLANTS

Bearer plants primarily comprise oil palm plantations.

	Group	
	2025	2024
	US\$'000	US\$'000
<b>Cost</b>		
At 1 January	842,414	862,136
Additions	85,235	44,920
Acquisition of subsidiaries	540,873	–
Assets held for sale	(4,302)	–
Write-offs	(13,054)	(11,572)
Disposals	(134)	(1,825)
Disposal of subsidiaries	(151,788)	(7,732)
Exchange differences	(31,550)	(43,513)
At 31 December	1,267,694	842,414

# Notes to the Financial Statements

## 12. BEARER PLANTS (CONT'D)

	Group	
	2025 US\$'000	2024 US\$'000
<b>Accumulated depreciation and impairment</b>		
At 1 January	286,793	279,897
Acquisition of subsidiaries	266,595	–
Assets held for sale	(2,644)	–
Charge for the year (Note 14)	43,955	28,434
Write-offs	(10,690)	(8,299)
Impairment <sup>(1)</sup>	884	2,869
Disposals	(69)	–
Disposal of subsidiaries	(128,300)	(412)
Exchange differences	(10,811)	(15,696)
At 31 December	445,713	286,793
<b>Net carrying amount</b>	821,981	555,621

<sup>(1)</sup> The impairment of bearer plants during the financial year ended 31 December 2025 mainly relates to land areas which have been identified by the Forest Area Control Task Force (“Satgas PKH” or *Satuan Tugas Penertiban Kawasan Hutan*) for handing over to the Indonesian government, arising from regulatory changes in spatial planning within the forestry sector.

For the financial year ended 31 December 2024, the impairment of bearer plants relates to the Group’s remaining rubber plantations which were in the process of being converted into oil palm plantations.

	Group	
	2025	2024
<b>Nucleus production volume (tonnes)</b>		
FFB	4,030,741	3,266,856
<b>Nucleus planted area (hectares)*</b>		
Mature	193,198	158,931
Immature	38,561	19,923
	231,759	178,854

\* Nucleus planted areas exclude rubber plantations.

The plantations have not been insured against the risks of fire, diseases and other possible risks.

Additions to bearer plants consist of:

	Group	
	2025 US\$'000	2024 US\$'000
Capital expenditure on bearer plants using cash	80,807	41,823
Capitalisation of depreciation on property, plant and equipment (Note 14)	4,428	3,097
	85,235	44,920

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 12. BEARER PLANTS (CONT'D)

### *Assets pledged as security*

As at 31 December 2025 and 2024, certain of the Group's bearer plants are pledged to secure facilities from financial institutions (Note 31).

## 13. PLASMA RECEIVABLES

	Group	
	2025 US\$'000	2024 US\$'000
At 1 January	40,686	42,776

## 14. PROPERTY, PLANT AND EQUIPMENT (CONT'D)

### *Assets under construction*

As at 31 December 2025 and 2024, the Group's assets under construction relate primarily to buildings and infrastructure, as well as machinery and installations.

### *Assets pledged as security*

As at 31 December 2025 and 2024, certain subsidiaries' property, plant and equipment are pledged to secure facilities from financial institutions (Note 31).

### *Right-of-use assets*

As at 31 December 2025, the Group's right-of-use assets with carrying amount of US\$8.4 million (2024: US\$8.1 million) are classified under farming and transportation equipment.

### **Depreciation and amortisation**

The depreciation and amortisation charges for the financial years ended 31 December 2025 and 2024 are as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
Depreciation of bearer plants (Note 12)	43,955	28,434
Depreciation of property, plant and equipment	71,576	57,913
Amortisation of land use rights (Note 15)	3,432	1,502
Amortisation of other intangible assets (Note 19)	116	48
	119,079	87,897
Depreciation included in cost of sales (Note 5)	107,504	80,840
Depreciation included in selling and distribution costs (Note 6)	2,005	750
Depreciation included in general and administrative expenses (Note 7)	1,594	1,660
Amortisation included in general and administrative expenses (Note 7)	116	48
Amortisation included in other operating expenses	3,432	1,502
Depreciation capitalised in bearer plants (Note 12)	4,428	3,097
	119,079	87,897

# Notes to the Financial Statements

## 15. LAND USE RIGHTS

	Group	
	2025 US\$'000	2024 US\$'000
<b>Cost</b>		
At 1 January	53,886	47,767
Additions	9,047	8,617
Acquisition of subsidiaries	80,028	–
Assets held for sale	(1,391)	–
Disposals	–	(48)
Disposal of subsidiaries	(53,974)	(80)
Exchange differences	(3,082)	(2,370)
At 31 December	84,514	53,886
<b>Accumulated amortisation</b>		
At 1 January	20,712	20,175
Amortisation charge for the year (Note 14)	3,432	1,502
Acquisition of subsidiaries	26,545	–
Assets held for sale	(1,091)	–
Disposal of subsidiaries	(26,132)	(23)
Exchange differences	(749)	(942)
At 31 December	22,717	20,712
<b>Net carrying amount</b>	61,797	33,174
Amount to be amortised		
– Not later than one year	3,432	1,502
– Later than one year but not more than five years	13,728	6,008
– Later than five years	44,637	25,664
	61,797	33,174

Land use rights are in respect of:

- (a) land premiums representing the cost of land rights owned by the Group which are amortised on a straight-line basis over their terms of 10 to 35 years. The terms may be extended subject to agreement with the Government of Indonesia and payment of premium; and
- (b) deferred land rights acquisition costs representing the cost associated with the legal transfer or renewal for titles of land rights such as, among others, legal fees, land survey and re-measurement fees, taxes and other related expenses. Such costs are also deferred and amortised on a straight-line basis over the terms of the related land rights of 10 to 35 years.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 15. LAND USE RIGHTS (CONT'D)

As at 31 December 2025, the Group's land use rights cover a total land area of 313,372 hectares (2024: 265,477 hectares), representing HGU, HGB and HP. The legal terms of the existing land use rights of the Group expire on various dates between 2026 and 2058.

### *Assets pledged as security*

As at 31 December 2025 and 2024, certain of the Group's land use rights are pledged to secure facilities from financial institutions (Note 31).

## 16. OTHER INVESTMENTS

During the financial year, the Group subscribed for IDR 1.296 trillion of investment bonds (the "Bonds") issued by PT Danantara Investment Management (Persero) ("the Issuer"). The Bonds are classified as financial assets measured at amortised cost, bear a fixed annual coupon of 2% payable in arrears and have contractual maturity profiles ranging between five and seven years from the issuance dates. The Bonds are unsecured and will not be listed on any stock exchange.

In determining the fair value of the Bonds at initial recognition, the Company uses unobservable valuation inputs that are significant to the measurement as whole because these debt instruments are not traded in active markets. In this case, the difference between the transaction price and the fair value is deferred, as described in Note 2.15 (a).

Further details on the Bonds are as follows:

	Maturity	Coupon rate (per annum)	Group	
			2025 US\$'000	2024 US\$'000
Investment bonds – Series A	2030	2.00%	47,432	–
Investment bonds – Series B	2032	2.00%	29,794	–
			77,226	–
Less: Deferred charges			(13,313)	–
Add: Interest income			461	–
Other investments, net			64,374	–

The carrying amounts of the deferred difference between the transaction price and fair value of the Bonds at initial recognition, arising from the use of valuation techniques for which not all the inputs were market observable data, are as follows:

Deferred charges	13,313	–
Less: Accumulated amortisation	(382)	–
	12,931	–
Current	2,292	–
Non-current	10,639	–
	12,931	–

## 17. INVESTMENT IN SUBSIDIARIES (CONT'D)

### (d) Acquisition of subsidiaries

On 6 May 2025, the Group acquired 91.17% of the issued and paid-up capital of PT Austindo Nusantara Jaya Tbk. ("PT ANJ") for a purchase consideration of approximately US\$329.76 million. PT ANJ is listed on the Indonesia Stock Exchange and is engaged directly and through its subsidiaries in the production and sale of palm oil and other sustainable food crops, and renewable energy. The rationale for the acquisition of PT ANJ is to expand the Group's upstream oil palm plantation footprint and enhance feedstock availability for its growing downstream operations. Following the Acquisition, PT ANJ became a direct subsidiary of the Company.

During the financial year ended 31 December 2025, the Group also acquired 100.00% of the issued and paid-up capital of PT Masuba Citra Mandiri ("PT MCM") for a purchase consideration of approximately US\$13.0 million. PT MCM is principally engaged in the business of oil palm plantation in Indonesia. This acquisition further strengthens the Group's upstream plantation portfolio. Following the Acquisition, PT MCM became an indirect subsidiary of the Company.

Both acquisitions have been accounted for as business combinations under SFRS(I) 3 *Business Combinations*. The financial statements for the financial year ended 31 December 2025 include the results of PT ANJ and its subsidiaries ("PT ANJ Group") for the eight months period and PT MCM for the five months period from their respective acquisition dates.

The fair value of the identifiable assets and liabilities of the PT ANJ Group and the effect thereof as at the date of acquisition were as follows:

	PT ANJ Group US\$'000
<b>Assets</b>	
Bearer plants	263,347
Plasma receivables	22,967
Property, plant and equipment	68,220
Land use rights	51,274
Deferred tax assets	2,665
Biological assets	11,394
Inventories	18,310
Trade and other receivables	5,563
Cash and bank balances	18,288
Other assets	49,023
<b>Total assets</b>	<b>511,051</b>
<b>Liabilities</b>	
Trade and other payables	(16,926)
Borrowings from financial institutions	(140,037)
Provision for tax	(10,429)
Deferred tax liabilities	(30,033)
Other liabilities	(13,624)
<b>Total liabilities</b>	<b>(211,049)</b>

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 17. INVESTMENT IN SUBSIDIARIES (CONT'D)

### (d) Acquisition of subsidiaries (cont'd)

	PT ANJ Group US\$'000
<b>Total identifiable net assets at fair value</b>	300,002
Non-controlling interests	(27,049)
Goodwill arising from acquisition	<u>56,807</u>
<b>Purchase consideration for the acquisition</b>	<u>329,760</u>
<u>Effect of the acquisition of PT ANJ Group on cash flows</u>	
Purchase consideration for equity interest acquired	329,760
Less: Cash and cash equivalents of subsidiaries acquired	<u>(18,288)</u>
<b>Net cash outflow on acquisition of subsidiaries</b>	<u>311,472</u>

Transaction costs of US\$0.6 million have been recognised as an expense in the consolidated income statement and are part of operating cash flows in the consolidated cash flow statement.

Subsequent to the acquisition of PT ANJ, the Company has further acquired 159,236,789 of the Mandatory Tender Offer ("MTO") shares for a purchase consideration of approximately US\$17.3 million, representing 4.75% of the issued and paid-up shares in the capital of the PT ANJ. Following the MTO, the Company holds directly 95.92% of the issued and paid-up shares in the capital of PT ANJ.

From the date of acquisition, PT ANJ Group contributed revenue of US\$156.4 million and profit before tax of US\$23.9 million to the Group. If the acquisition had taken place at the beginning of the year, revenue and profit before tax of the Group would have increased by a further US\$80.3 million and US\$12.6 million respectively.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 17. INVESTMENT IN SUBSIDIARIES (CONT'D)

### (d) Acquisition of subsidiaries (cont'd)

The fair value of the identifiable assets and liabilities of the PT MCM and the effect thereof as at the date of acquisition were as follows:

	PT MCM US\$'000
<b>Assets</b>	
Bearer plants	10,931
Plasma receivables	4,411
Property, plant and equipment	1,998
Land use rights	2,209
Biological assets	344
Inventories	496
Trade and other receivables	765
Cash and bank balances	118
Other assets	519
<b>Total assets</b>	<u>21,791</u>
<b>Liabilities</b>	
Trade and other payables	(497)
Provision for tax	(359)
Deferred tax liabilities	(2,379)
<b>Total liabilities</b>	<u>(3,235)</u>
<b>Total identifiable net assets at fair value</b>	18,556
Non-controlling interests	–
Negative goodwill arising from acquisition	(5,550)
<b>Purchase consideration for the acquisition</b>	<u>13,006</u>
<u>Effect of the acquisition of PT MCM on cash flows</u>	
Purchase consideration for equity interest acquired	13,006
Less: Cash and cash equivalents of subsidiaries acquired	(118)
<b>Net cash outflow on acquisition of subsidiaries</b>	<u>12,888</u>

Transaction costs of US\$9,000 have been recognised as an expense in the consolidated income statement and are part of operating cash flows in the consolidated cash flow statement.

From the date of acquisition, PT MCM contributed revenue of US\$4.8 million and profit before tax of US\$2.0 million to the Group. If the acquisition had taken place at the beginning of the year, revenue and profit before tax of the Group would have increased by a further US\$5.9 million and US\$1.5 million respectively.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 17. INVESTMENT IN SUBSIDIARIES (CONT'D)

### (e) Disposal of subsidiaries

On 2 October 2025, the Group disposed of its entire equity interest in PT Permata Putera Mandiri Raya ("PT PPM") and PT Putera Manunggal Perkasa ("PT PMP"), being indirect subsidiaries of PT ANJ, for a consideration of US\$25,000. After the disposal, PT PPM and PT PMP ceased to be subsidiaries of the Company.

The carrying values of the identifiable assets/(liabilities) of the subsidiaries disposed of and the effect thereof as at the date of disposal were as follows:

	US\$'000
Net assets/(liabilities) disposed:	
Non-current assets	74,160
Current assets	13,529
Non-current liabilities	(854)
Current liabilities	<u>(86,536)</u>
Net identifiable assets disposed	299
Less: Loss on disposal of subsidiary	<u>(274)</u>
	25
Less: Cash and bank balances of the subsidiary disposed	<u>–</u>
Proceeds from disposal of subsidiary, net of cash disposed of	<u>25</u>

In 2024, the Group disposed of its entire equity interest in PT Borneo Damai Lestari Raya ("PT BDLR") for a consideration of US\$8.2 million. As a result of the disposal, PT BDLR ceased to be an indirect subsidiary of the Group.

The carrying values of the identifiable assets/(liabilities) of the subsidiary disposed of and the effect thereof as at the date of disposal were as follows:

	US\$'000
Net assets/(liabilities) disposed:	
Non-current assets	9,902
Current assets	1,619
Non-current liabilities	(4)
Current liabilities	<u>(2,028)</u>
Net identifiable assets disposed	9,489
Less: Loss on disposal of subsidiary	<u>(1,261)</u>
	8,228
Less: Cash and bank balances of the subsidiary disposed	<u>(1,347)</u>
Proceeds from disposal of subsidiary, net of cash disposed of	<u>6,881</u>

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 17. INVESTMENT IN SUBSIDIARIES (CONT'D)

### (f) *Intra-group transfer of shares in subsidiary*

In 2025, the Company transferred its entire 30.68% equity interest in PT Adhitya Serayakorita (“PT ASK”) to PT Ciliandra Perkasa (“PT CLP”), a direct subsidiary of the Company, for a cash consideration of US\$373.0 million, which was arrived at after taking into consideration the current market value of the assets. After the transfer, the shareholding of PT CLP in PT ASK increased from 65.08% to 95.75% while that of the Company in PT ASK reduced from 30.68% to nil.

### (g) *Cancellation of shares in subsidiary*

In 2025, the Company reduced its investment in Lynhurst Investment Pte Ltd (“Lynhurst”) through the cancellation of 12,500,000 ordinary shares for proceeds of S\$12.5 million (approximately US\$10.1 million). Following the capital reduction, Lynhurst remains as a direct wholly-owned subsidiary of the Company.

### (h) *Impairment loss in subsidiary*

During the financial year ended 31 December 2025, the Company recognised an impairment loss of US\$47.8 million on its investment in Lynhurst, primarily arising from the shortfall between the carrying amount of the cost of investment and the recoverable amount of the subsidiary.

## 18. GOODWILL

	Group	
	2025	2024
	US\$'000	US\$'000
<b>Cost</b>		
At 1 January	72,587	76,099
Acquisition of subsidiaries (Note 17(d))	56,807	–
Exchange differences	(2,682)	(3,512)
	<u>126,712</u>	<u>72,587</u>
At 31 December	126,712	72,587

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 18. GOODWILL (CONT'D)

### *Impairment testing of goodwill*

Goodwill arising from business combinations is allocated to individual cash-generating units ("CGU") for the purpose of impairment testing. The carrying amounts of goodwill allocated to each CGU are as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
PT Borneo Ketapang Permai Group	3,958	4,110
PT Kalimantan Green Persada Group	7,738	8,035
PT Gerbang Sawit Indah	6,932	7,198
PT Swadaya Mukti Prakarsa	26,561	27,579
PT Falcon Agri Persada	24,692	25,639
PT Austindo Nusantara Jaya Tbk.	56,807	–
Others	24	26
	<u>126,712</u>	<u>72,587</u>

The recoverable amounts of the CGUs have been determined based on value in use calculations using cash flow projections from financial budgets approved by management. The key assumptions used in the calculations are as follows:

	2025	2024
Terminal growth rate	4.5%	4.5%
Pre-tax discount rate	10%	12%
Projected average CPO price	<u>US\$1,182/tonne</u>	<u>US\$958/tonne</u>

The value in use is determined using a discounted cash flow model based on cash flow projections covering a period of 10 years (2024: 10 years), with cash flows beyond the projected periods extrapolated using the estimated terminal growth rate.

The discount rate applied to the cash flow projections is pre-tax and derived from the weighted average cost of capital ("WACC") of the Group. The WACC takes into account both the cost of debt and the cost of equity. The cost of equity is derived from the expected return on investment by the Group's investors. The cost of debt is based on the interest-bearing borrowings the Group is obliged to service.

Based on the above analysis, management has assessed that the goodwill is not impaired as at 31 December 2025 and 2024.

### *Sensitivity to changes in assumptions*

Changes to the assumptions used by management to determine the recoverable amounts can have an impact on the results of the assessment. Management is of the opinion that no reasonably possible change in any of the key assumptions stated above would cause the carrying amount of the goodwill for each of the CGU to materially exceed their recoverable amount.

Interest rate swaps	394	1,518	3,616	–
	402	2,713	9,134	998
Current	396	1,550	8,078	998
Non-current	6	1,163	1,056	–
	402	2,713	9,134	998
<b>Company</b>				
Foreign currency options and forward contracts	–	–	155	–
Interest rate swaps	394	1,518	3,616	–
	394	1,518	3,771	–
Current	388	355	2,715	–
Non-current	6	1,163	1,056	–
	394	1,518	3,771	–

The Group classifies derivative financial instruments as financial assets/liabilities at fair value through profit or loss, except for certain derivatives designated as cash flow hedges, wherein hedge accounting has been applied.

### **Commodity futures, options and swap contracts**

The Group enters into certain commodity futures, options and swap contracts in order to hedge the commodity price risk related to the sale and purchase of palm-based products. Cash flow hedge accounting may be applied to some of these derivatives as they are considered to be highly effective hedging instruments. A net fair value loss of US\$4.4 million (2024: gain of US\$2.3 million), with a related deferred tax credit of US\$0.4 million (2024: deferred tax charge of US\$0.2 million), has been included in other comprehensive income in respect of these contracts. Other commodity futures, options and swap contracts entered into by the Group are accounted for at fair value through profit or loss.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 20. DERIVATIVE FINANCIAL ASSETS/LIABILITIES (CONT'D)

### *Foreign currency options and forward contracts*

The Group enters into certain foreign currency options and forward contracts in order to hedge the foreign currency risk related to the sales or purchase of palm-based products as well as the Company's forecasted dividend payments. Cash flow hedge accounting may be applied to some of these derivatives as they are considered to be highly effective hedging instruments. A net fair value loss of US\$1.1 million (2024: gain of US\$1.0 million), with a related deferred tax credit of US\$0.1 million (2024: deferred tax charge of US\$0.1 million), has been included in other comprehensive income in respect of these contracts. Other foreign currency options and forward contracts entered into by the Group are accounted for at fair value through profit or loss.

### *Interest rate swaps*

The Company has entered into interest rate swaps with financial institutions to hedge the interest rate risk arising from its floating rate debts, mitigating the risk of changes in market interest rates. Based on the interest rate swap agreements, the floating rates on the Company's bank loans are swapped into fixed rates. Cash flow hedge accounting has been applied to these interest rate swaps as they are considered to be highly effective hedging instruments. In 2025, a net fair value loss of US\$4.9 million (2024: US\$4.7 million) has been included in other comprehensive income in respect of these contracts. As at 31 December 2025, the notional amount of the interest rate swaps outstanding amounted to US\$315.4 million (2024: US\$148.0 million).

## 21. BIOLOGICAL ASSETS

Biological assets relate to agricultural produce growing on bearer plants, which is referred to as FFB, with the following movements in carrying value:

	Group	
	2025	2024
	US\$'000	US\$'000
<b>Fair value</b>		
At 1 January	50,551	29,683
Acquisition of subsidiaries	11,738	–
(Loss)/gain arising from changes in fair value of biological assets	(5,805)	22,681
Exchange differences	(1,822)	(1,813)
At 31 December	54,662	50,551

## 22. INVENTORIES

	Group	
	2025	2024
	US\$'000	US\$'000
Palm-based products	233,986	132,478
Fertilisers and chemicals	27,222	20,440
Spare parts and other consumables	8,280	7,296
	269,488	160,214

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 23. TRADE RECEIVABLES

	Group	
	2025	2024
	US\$'000	US\$'000
Trade receivables from:		
– Third parties	125,096	42,994
– Related parties	189	108
Less: Allowance for expected credit losses	(711)	(421)
	<u>124,574</u>	<u>42,681</u>

Trade receivables are non-interest bearing and generally due within 30 days. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

Trade receivables are denominated in the following currencies:

	Group	
	2025	2024
	US\$'000	US\$'000
Indonesian Rupiah	88,367	25,694
United States Dollar	36,207	16,987
	<u>124,574</u>	<u>42,681</u>

### *Receivables that are past due but not impaired*

An analysis of trade receivables that are past due but not impaired as at the end of the reporting period is as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
Trade receivables past due:		
– Lesser than 30 days	1,357	559
– 30 to 60 days	89	1
– More than 60 days	62	577
	<u>1,508</u>	<u>1,137</u>

### Expected credit losses

The movement in allowance for expected credit losses of trade receivables is as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
At 1 January	421	164
Charge for the year (Note 9)	290	257
At 31 December	<u>711</u>	<u>421</u>

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 24. OTHER RECEIVABLES

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Interest receivable	45	100	5	–
Amounts due from financial institutions	349	–	93	–
Sundry receivables	4,418	574	86	173
	<u>4,812</u>	<u>674</u>	<u>184</u>	<u>173</u>

Other receivables are denominated in the following currencies:

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Indonesian Rupiah	4,325	396	–	–
United States Dollar	477	265	181	166
Singapore Dollar	10	13	3	7
	<u>4,812</u>	<u>674</u>	<u>184</u>	<u>173</u>

## 25. ADVANCES AND PREPAYMENTS

### *Advances for purchase of property, plant and equipment*

Advances for purchase of property, plant and equipment represent advance payments made to suppliers and contractors in relation to the following items:

	Group	
	2025 US\$'000	2024 US\$'000
Buildings and improvements	700	1,845
Machinery and installations	587	3,922
Others	85	83
	<u>1,372</u>	<u>5,850</u>

### *Other advances and prepayments*

Other advances and prepayments relate mainly to payments made for purchase of inventories and other miscellaneous items. These payments are non-interest bearing, unsecured and expected to be fulfilled within the next 12 months. There were no such advances paid to related parties as at 31 December 2025 and 2024.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 26. CASH AND BANK BALANCES

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Cash at banks and on hand	289,402	105,533	8,263	3,298
Restricted cash balances	2,804	51,662	–	–
	<u>292,206</u>	<u>157,195</u>	<u>8,263</u>	<u>3,298</u>

As at the end of the reporting period, the Group has the following bank overdrafts which have been netted against cash at banks as the Group has the legal rights to set off the overdrafts against the cash at banks, which are with the same banks:

	Group	
	2025 US\$'000	2024 US\$'000
Cash at banks and on hand (Gross carrying amounts prior to offsetting)	555,009	348,485
Bank overdrafts (Gross amounts offset in the balance sheet)	<u>(265,607)</u>	<u>(242,952)</u>
Cash at banks and on hand (Net amounts in the balance sheet)	<u>289,402</u>	<u>105,533</u>

Cash at banks earn interest at floating rates based on daily bank deposit rates.

Restricted cash balances relate to cash deposits maintained with brokers and banks which are not freely remissible for use by the Group.

As at 31 December 2024, the restricted cash balance included US\$46.8 million arising from the implementation of Indonesia's foreign exchange export proceeds from natural resources regulation (*Devisa Hasil Ekspor* or "DHE") effective 1 August 2023, which required 30% of proceeds from export of certain natural resource products to be placed in designated domestic accounts for at least three months. There was no restricted cash balance arising from the DHE as at 31 December 2025.

The average effective interest rate of the Group is 3.0% (2024: 2.8%) per annum.

Cash and bank balances are denominated in the following currencies:

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Indonesian Rupiah	67,808	42,905	67	–
United States Dollar	220,287	106,081	6,247	260
Singapore Dollar	2,961	3,468	1,949	3,038
Others	1,150	4,741	–	–
	<u>292,206</u>	<u>157,195</u>	<u>8,263</u>	<u>3,298</u>

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 27. ASSETS HELD FOR SALE AND LIABILITIES DIRECTLY ASSOCIATED WITH THE ASSETS HELD FOR SALE

During the year, the Group classified certain assets and related liabilities as held for sale in line with the planned sale of certain subsidiaries of ANJ Group subsequent to its acquisition, including its non-core operations. The assets and liabilities were measured at the lower of their carrying amount and fair value less costs to sell.

As at 31 December 2025, the carrying amounts of the assets and liabilities directly associated with the assets held for sale are as follows:

Group	2025 US\$'000
<b>Assets classified as held for sale</b>	
Bearer plants	1,658
Property, plant and equipment	713
Land use rights	300
Other non-current assets	422
Cash and cash equivalents	277
Inventories	512
Trade receivables	108
Other current assets	813
	<u>4,803</u>
<b>Liabilities directly associated with the assets held for sale</b>	
Bank overdrafts	(2,732)
Trade and other payables	(148)
Other liabilities	(199)
	<u>(3,079)</u>

## 28. TRADE PAYABLES

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Trade payables to:				
– Third parties	60,687	48,242	–	193
– Related parties	4,427	5,801	–	–
	<u>65,114</u>	<u>54,043</u>	<u>–</u>	<u>193</u>

Trade payables are non-interest bearing and generally due within 30 to 90 days.

Trade payables are denominated in the following currencies:

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Indonesian Rupiah	65,080	53,850	–	–
United States Dollar	34	193	–	193
	<u>65,114</u>	<u>54,043</u>	<u>–</u>	<u>193</u>

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 29. OTHER PAYABLES AND ACCRUALS

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Accrued employee costs	40,606	24,540	4,536	2,806
Accrued financial expenses	206	2,125	197	2,122
Accrued contractor fees	18,997	18,942	–	–
Accrued transportation costs	603	3,705	–	–
Amounts due to financial institutions	207	–	–	–
Allowance for expected credit losses on financial guarantees	1,274	1,658	–	–
Others	12,646	9,219	212	178
	<u>74,539</u>	<u>60,189</u>	<u>4,945</u>	<u>5,106</u>

Other payables and accruals are denominated in the following currencies:

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Indonesian Rupiah	67,109	54,346	–	–
United States Dollar	1,095	2,760	1,046	2,623
Singapore Dollar	6,335	3,083	3,899	2,483
	<u>74,539</u>	<u>60,189</u>	<u>4,945</u>	<u>5,106</u>

## 30. ADVANCES FROM CUSTOMERS

Advances from customers represent advance payments relating to the sale of palm-based products. These payments are trade related, unsecured, non-interest bearing and the obligations to the customers are expected to be fulfilled within the next 12 months.

Revenue recognised during the financial year ended 31 December 2025 that was included in the advances from customers at the beginning of the year amounted to US\$10.7 million (2024: US\$7.5 million).

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 31. LOANS AND BORROWINGS FROM FINANCIAL INSTITUTIONS

	Maturity	Interest rate (per annum)		Group	
		2025 %	2024 %	2025 US\$'000	2024 US\$'000
<b>Current</b>					
Bank loans	2026	4.4 – 8.6	5.2 – 6.8	95,076	83,028
Lease liabilities	2026	2.6 – 13.2	2.6 – 13.2	1,736	3,730
				<u>96,812</u>	<u>86,758</u>
<b>Non-current</b>					
Bank loans	2027-2037	5.0 – 8.6	6.1 – 9.4	857,495	181,431
Lease liabilities	2027-2030	2.6 – 13.2	2.6 – 13.2	124	1,936
				<u>857,619</u>	<u>183,367</u>
				<u>954,431</u>	<u>270,125</u>

	Maturity	Interest rate (per annum)		Company	
		2025 %	2024 %	2025 US\$'000	2024 US\$'000
<b>Current</b>					
Bank loans	2026	4.4 – 5.8	6.2 – 6.8	59,502	74,215
Bank overdraft	2026	–	0.6	–	93,169
<b>Non-current</b>					
Bank loans	2027-2030	5.0 – 5.8	6.1 – 6.8	288,007	119,833
				<u>347,509</u>	<u>287,217</u>

### **Bank loans**

The Group's bank loans comprise unsecured term loans, trade loans and revolving credit facilities from banks in Singapore, as well as secured and unsecured bank loans obtained by our subsidiaries in Indonesia.

As at 31 December 2025, US\$118.8 million (2024: US\$61.6 million) of the Group's bank loans are secured by a pledge over certain land use rights, bearer plants, and property plant and equipment held by our subsidiaries in Indonesia.

### **Undrawn committed credit facilities**

As at 31 December 2025, the Group has undrawn committed unsecured credit facilities available of US\$97.7 million (2024: US\$300.0 million), which may be utilised for the Group's general corporate purposes.

### **Bank overdraft**

The Company's bank overdraft as at 31 December 2024 has been netted against cash at banks of the Group as the Group has the legal right to set off the overdraft against the cash at bank, which are with the same bank in Singapore.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 31. LOANS AND BORROWINGS FROM FINANCIAL INSTITUTIONS (CONT'D)

### Lease liabilities

The Group entered into capital lease agreements for the purchase of farming equipment and motor vehicles incidental to the ordinary course of its business (Note 32).

Loans and borrowings from financial institutions are denominated in the following currencies:

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Indonesian Rupiah	578,199	67,263	–	–
United States Dollar	376,232	202,862	347,509	287,217
	<u>954,431</u>	<u>270,125</u>	<u>347,509</u>	<u>287,217</u>

A reconciliation of liabilities arising from the Group's financing activities is as follows:

	01.01.2025 US\$'000	Cash inflows US\$'000	Cash outflows US\$'000	Non-cash changes				Others US\$'000	31.12.2025 US\$'000
				Foreign exchange US\$'000	Amortisation of issuance costs US\$'000	Acquisition of subsidiaries US\$'000	Disposal of subsidiaries US\$'000		
Bank loans									
– current	83,028	19,909	(234,772)	(128)	1,684	140,006	(80,644)	165,993	95,076
– non-current	181,431	853,834	–	(11,777)	–	–	–	(165,993)	857,495
Lease liabilities									
– current	3,730	–	(3,660)	(105)	–	31	–	1,740	1,736
– non-current	1,936	–	–	(39)	–	–	–	(1,773)	124
	<u>270,125</u>	<u>873,743</u>	<u>(238,432)</u>	<u>(12,049)</u>	<u>1,684</u>	<u>140,037</u>	<u>(80,644)</u>	<u>(33)</u>	<u>954,431</u>

The 'others' column relates to reclassification of non-current portion of loans and borrowings due to passage of time and recognition of lease liabilities arising from new lease agreements.

	01.01.2024 US\$'000	Cash inflows US\$'000	Cash outflows US\$'000	Non-cash changes			Others US\$'000	31.12.2024 US\$'000
				Foreign exchange US\$'000	Amortisation of issuance costs US\$'000			
Bank loans								
– current	107,751	3,777	(103,654)	–	1,132	–	74,022	83,028
– non-current	122,037	159,642	(25,000)	(1,226)	–	–	(74,022)	181,431
Lease liabilities								
– current	3,954	–	(4,916)	(182)	–	–	4,874	3,730
– non-current	3,984	–	–	(146)	–	–	(1,902)	1,936
	<u>237,726</u>	<u>163,419</u>	<u>(133,570)</u>	<u>(1,554)</u>	<u>1,132</u>	<u>–</u>	<u>2,972</u>	<u>270,125</u>

The 'others' column relates to reclassification of non-current portion of loans and borrowings due to passage of time and recognition of lease liabilities arising from new lease agreements.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 32. LEASES

### *Group as a lessee*

The Group has lease contracts for land use rights, property, plant and equipment and office premises. Where practicable, extension options exercisable by the lessees are included in the lease contracts to provide operational flexibility.

#### (a) Right-of-use assets

The Group's associated right-of-use assets were recognised and presented within property, plant and equipment (Note 14) and land use rights (Note 15), while rental of office premises did not have any material financial impact.

#### (b) Lease liabilities

The Group's lease liabilities and the movement during the year are disclosed in Note 31 and the maturity analysis of lease liabilities is disclosed in Note 41(e).

## 33. PROVISION FOR POST-EMPLOYMENT BENEFITS

The Group recognised post-employment benefits for qualified employees in Indonesia pursuant to the applicable labour laws and government regulations. The provision for post-employment benefits is based on the calculation of an independent actuary, using the "Projected Unit Credit" method. No fund was provided for such liability for post-employment benefits.

The significant assumptions used in determining the provision for post-employment benefits are as follows:

	2025	2024
Normal Pension Age	65 Years	55 Years
Salary Increment Rate per annum	8%	8%
Discount Rate per annum	5.15% – 7.05%	6.96% – 7.08%
Mortality Rate	Table Mortality Indonesia 2019	Table Mortality Indonesia 2019
Disability Rate	1% of mortality rate	1% of mortality rate
Resignation Rate	1.5% to 23.0%	0% to 5.0%
Valuation Method	Projected Unit Credit	Projected Unit Credit

Changes in the present value of defined benefit obligation are as follows:

	Group	
	2025 US\$'000	2024 US\$'000
At 1 January	26,819	27,510
Acquisition of subsidiaries	6,515	–
Disposal of subsidiaries	(843)	–
Net defined benefit plan expense charged to profit or loss (Note 36)	5,227	7,212
Remeasurement gain		
– Actuarial gain arising from changes in financial assumptions	(15,852)	(4,069)
Benefits paid	(5,176)	(2,548)
Exchange differences	(719)	(1,286)
At 31 December	15,971	26,819

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 33. PROVISION FOR POST-EMPLOYMENT BENEFITS (CONT'D)

The following summarises the components of net defined benefit plan expense charged/(credited) to profit or loss as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
Interest cost on benefit obligation	2,183	1,648
Current service cost	3,440	5,564
Past service cost	(396)	–
	<u>5,227</u>	<u>7,212</u>

The breakdown of net defined benefit plan expense charged/(credited) to profit or loss is as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
Cost of sales (Note 5)	5,233	5,340
General and administrative expenses (Note 7)	456	1,291
Others	(462)	581
	<u>5,227</u>	<u>7,212</u>

The sensitivity analysis below has been determined based on reasonable possible changes of each significant assumption on the defined benefits obligation as of the end of the reporting period, assuming if all the other assumptions were held constant.

Group	Increase/ (decrease)	Change in present value of defined benefit obligation	
		2025	2024
		US\$'000	US\$'000
Discount rate	1% increase	(1,308)	(2,043)
	1% decrease	1,501	2,344
Future salary growth	1% increase	1,447	2,305
	1% decrease	(1,283)	(2,044)

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 34. SHARE CAPITAL AND TREASURY SHARES

### (a) Share capital

Group and Company	2025		2024	
	No. of shares '000	US\$'000	No. of shares '000	US\$'000
<b>Issued and fully paid ordinary shares</b>				
At 1 January and 31 December	1,584,073	394,913	1,584,073	394,913

The holders of ordinary shares (except treasury shares) are entitled to receive dividends as and when declared by the Company. Each ordinary share carries one vote per share without restriction. The ordinary shares have no par value.

### (b) Treasury shares

Group and Company	2025		2024	
	No. of shares '000	US\$'000	No. of shares '000	US\$'000
At 1 January	34,806	35,142	19,084	19,060
Buy-back of ordinary shares	293	376	15,803	16,164
Reissued pursuant to employee share award scheme	(84)	(88)	(81)	(82)
At 31 December	35,015	35,430	34,806	35,142

Treasury shares relate to ordinary shares of the Company that is held by the Company.

During the financial year, the Company acquired 292,600 (2024: 15,803,800) shares in the Company through purchases on the Singapore Exchange. The total amount paid to acquire the shares was US\$376,000 (2024: US\$16,164,000) and this was presented as a component within shareholders' equity.

During the financial year, the Company reissued 84,000 treasury shares (2024: 81,400) pursuant to the Company's employee share award scheme.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 35. OTHER RESERVES

The composition of other reserves are as follows:

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
Differences arising from restructuring transactions involving entities under common control	34,992	34,992	–	–
Capital reserve	(44,837)	(39,071)	–	–
Revaluation reserve	279	279	–	–
Gain on sale or reissuance of treasury shares	10,345	10,339	10,346	10,339
Hedging reserve	(2,390)	7,546	(1,314)	3,617
Foreign translation reserve	(304,398)	(244,340)	393	393
	(306,009)	(230,255)	9,425	14,349

### *Differences arising from restructuring transactions involving entities under common control*

This represents the difference between the consideration paid and the share capital of the “acquired” entities.

### *Capital reserve*

Capital reserve represents the premium paid for the acquisition of non-controlling interests over the fair value of the identifiable assets and liabilities of a subsidiary.

### *Revaluation reserve*

Revaluation reserve represents increases in the fair value of property, plant and equipment, net of tax, and decreases to the extent that such decrease relates to an increase on the same asset previously recognised in other comprehensive income.

### *Gain on sale or reissuance of treasury shares*

This represents the gain arising from sale or reissuance of treasury shares. No dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company’s assets (including any distribution of assets to members on a winding up) may be made in respect of this reserve.

### *Hedging reserve*

Hedging reserve represents the cumulative fair value changes, net of tax, of the derivative financial instruments designated as cash flow hedges.

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
At 1 January	7,546	9,303	3,617	8,366
Fair value (loss)/gain on cash flow hedges, net of tax and non-controlling interests	(11,180)	1,353	(901)	2,915
Reclassification to profit or loss				
– Sales	5,274	4,554	–	–
– Net financial expenses	(4,030)	(7,664)	(4,030)	(7,664)
At 31 December	(2,390)	7,546	(1,314)	3,617

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 35. OTHER RESERVES (CONT'D)

### *Foreign translation reserve*

The foreign translation reserve represents exchange differences arising from the translation of the financial statements of companies in the Group whose functional currencies are different from that of the Group's presentation currency.

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
At 1 January	(244,340)	(173,995)	393	393
Foreign currency translation adjustments	(60,058)	(70,345)	–	–
At 31 December	(304,398)	(244,340)	393	393

## 36. EMPLOYEE BENEFITS

	Group	
	2025 US\$'000	2024 US\$'000
Salaries, bonuses and other benefits	156,134	122,406
Net defined benefit plan expense charged (Note 33)	5,227	7,212
Central Provident Fund contributions	321	291
Share-based compensation expense	731	354
	162,413	130,263

## 37. RELATED PARTY DISCLOSURES

### (a) *Transactions with related parties*

In addition to those related party information provided elsewhere in the relevant notes to the consolidated financial statements, the following significant transactions between the Group and related parties (who are not members of the Group) took place during the financial year at terms agreed between the parties:

	Group	
	2025 US\$'000	2024 US\$'000
Lease or use of office premises	703	763
Purchases of goods	67,081	52,647
Sales of goods	30,470	18,653
Service fees	–	1
Land purchases	7,602	194

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 37. RELATED PARTY DISCLOSURES (CONT'D)

### (b) Compensation of key management personnel

	Group	
	2025	2024
	US\$'000	US\$'000
Salaries, bonuses and other benefits	8,212	7,716
Directors' fees	448	382
Net employee benefit expense relating to defined benefit plans	188	211
Central Provident Fund contributions	57	60
Share-based compensation expense	731	354
	9,636	8,723
Comprise amounts paid or payable to:		
– Directors of the Company	2,879	2,362
– Other key management personnel	6,757	6,361
	9,636	8,723

## 38. COMMITMENTS AND CONTINGENCIES

### (a) Capital commitments

Significant capital expenditure contracted for as at the end of the reporting period but not recognised in the financial statements are as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
Capital commitments in respect of property, plant and equipment	14,106	52,921

### (b) Commitments for sales and purchases contracts

The Group enters into sales and purchases contracts for palm-based products in the normal course of its business. The notional amounts of the committed contracts with fixed pricing terms that were outstanding as at 31 December are as follows:

	Group	
	2025	2024
	US\$'000	US\$'000
Sales	48,243	5,707

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 38. COMMITMENTS AND CONTINGENCIES (CONT'D)

### (c) *Contingent liabilities*

The Company has provided corporate guarantees to certain external parties in the ordinary course of business, guaranteeing the obligations of a subsidiary in the event of any non-performance by the subsidiary in respect of its contracts with these external parties. As at 31 December 2025, the Company's contingent liabilities arising from these corporate guarantees amounted to US\$29.0 million (2024: US\$8.9 million).

Certain subsidiaries have guaranteed US\$88.8 million (2024: US\$100.8 million) in respect of plasma farmers' loans repayable to banks at the time when the plasma plantations are converted. These loans are being repaid by the plasma farmers on an instalment basis through a withholding mechanism on sales of the plasma crops to the Group.

During the financial year, the Group received notification from the Forest Area Control Task Force ("Satgas PKH" or *Satuan Tugas Penertiban Kawasan Hutan*) for certain identified land areas to be handed over to the Indonesian government, arising from regulatory changes in spatial planning within the forestry sector. In connection with the land areas that have been handed over, the Group has paid administrative charges amounting to US\$5.6 million during the financial year ended 31 December 2025. For the remaining land areas which were included in the notification but not yet handed over, additional administrative charges may be payable by the Group, the amount of which cannot be reliably determined at this stage.

## 39. CLASSIFICATION OF FINANCIAL ASSETS AND LIABILITIES

As at the end of the reporting period, the following are the different classes of financial assets and liabilities:

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
<b>Assets</b>				
<u>At amortised cost</u>				
Plasma receivables	45,417	40,686	–	–
Other investments	64,374	–	–	–
Trade receivables	124,574	42,681	–	–
Other receivables	4,812	674	184	173
Restricted cash balances	2,804	51,662	–	–
Cash and cash equivalents	289,402	105,533	8,263	3,298
	<u>531,383</u>	<u>241,236</u>	<u>8,447</u>	<u>3,471</u>
<u>At fair value through other comprehensive income</u>				
Derivative financial assets	220	8,979	220	3,616
<u>At fair value through profit or loss</u>				
Derivative financial assets	182	155	174	155

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 39. CLASSIFICATION OF FINANCIAL ASSETS AND LIABILITIES (CONT'D)

As at the end of the reporting period, the following are the different classes of financial assets and liabilities (cont'd):

	Group		Company	
	2025 US\$'000	2024 US\$'000	2025 US\$'000	2024 US\$'000
<b>Liabilities</b>				
<u>At amortised cost</u>				
Trade payables	65,114	54,043	–	193
Other payables and accruals	74,539	60,189	4,945	5,106
Loans and borrowings from financial institutions	954,431	270,125	347,509	287,217
	<u>1,094,084</u>	<u>384,357</u>	<u>352,454</u>	<u>292,516</u>
<u>At fair value through other comprehensive income</u>				
Derivative financial liabilities	<u>2,713</u>	<u>998</u>	<u>1,518</u>	<u>–</u>

## 40. FAIR VALUE OF ASSETS AND LIABILITIES

### (a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 40. FAIR VALUE OF ASSETS AND LIABILITIES (CONT'D)

### (b) *Assets and liabilities measured at fair value*

The following table shows an analysis of each class of assets and liabilities measured at fair value at the end of the reporting period:

Group	Quoted prices in active markets for identical instruments (Level 1) US\$'000	Significant other observable inputs (Level 2) US\$'000	Significant unobservable inputs (Level 3) US\$'000	Total US\$'000
<b>2025</b>

<b>Assets measured at fair value:</b>				
<u>Financial assets</u>				
Derivative financial assets	–	3,771	–	3,771

### (c) Level 2 fair value measurements

The following is a description of the valuation techniques and inputs used in the fair value measurement for assets and liabilities that are categorised within Level 2 of the fair value hierarchy:

#### **Derivative financial assets/liabilities**

##### Commodity options and swap contracts

Commodity options and swap contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing and Black-Scholes models, using present value calculations. The models incorporate various inputs including commodity spot and forward rates, volatility of the commodity prices and option duration.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 40. FAIR VALUE OF ASSETS AND LIABILITIES (CONT'D)

### (c) Level 2 fair value measurements (cont'd)

#### Foreign currency options and forward contracts

Foreign currency options and forward contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing and Black-Scholes models, using present value calculations. The models incorporate various inputs including foreign exchange spot and forward rates, interest rates, volatility of the underlying currency pair and option duration.

#### Interest rate swaps

Interest rate swap contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including interest rate curves and forward rate curves.

### (d) Level 3 fair value measurements

#### (i) Information about significant unobservable inputs used in Level 3 fair value measurements

The following table shows the information about fair value measurements using significant unobservable inputs (Level 3):

Description	Fair value US\$'000	Valuation techniques	Unobservable inputs	Range
<b>2025</b>				
Biological assets	54,662	Income approach	Projected harvest quantities	256,000 tonnes
			Market price of FFB	US\$151/tonne –US\$222/tonne
<b>2024</b>				
Biological assets	50,551	Income approach	Projected harvest quantities	218,000 tonnes
			Market price of FFB	US\$156/tonne –US\$230/tonne

For biological assets, changes in projected harvest quantities and market price of FFB will result in directionally similar changes in fair value measurement.

#### (ii) Movements in Level 3 assets measured at fair value

The movements in biological assets measured at fair value are disclosed in Note 21.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 40. FAIR VALUE OF ASSETS AND LIABILITIES (CONT'D)

### (d) *Level 3 fair value measurements (cont'd)*

#### (iii) *Valuation policies and procedures*

##### Fair value of biological assets

To determine the fair value of biological assets, the income approach has been adopted by the Group as being the most appropriate valuation technique. Under the income approach, the expected cash flows from the agricultural produce on the bearer plants are estimated based on the projected harvest quantities and the market price of FFB, net of harvesting costs and estimated costs to sell. The price of the FFB is largely dependent on the prevailing market prices of crude palm oil and palm kernel.

Management reviews the appropriateness of the fair valuation methodologies and assumptions adopted and also evaluates the appropriateness and reliability of the inputs used in the valuations.

Significant changes in fair value measurements from period to period are evaluated by management for reasonableness. Key drivers of the changes are identified and assessed for reasonableness against relevant information from independent sources, or internal sources if necessary and appropriate.

## 41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include interest rate risk, market risk (including foreign currency risk and commodity price risk), credit risk and liquidity risk. The board of directors reviews and agrees on the policies and procedures for the management of these risks. The audit committee provides independent oversight to the effectiveness of the risk management process.

The following sections provide details regarding the Group's and Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Group's and Company's exposure to these financial risks or the manner in which it manages and measures the risks.

### (a) *Interest rate risk*

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates.

The Group's and the Company's exposure to interest rate risk arises primarily from its floating rate bank loans and deposits with financial institutions.

The Group manages interest rate risk on an ongoing basis and may enter into interest rate swaps with the primary objective of limiting the effects of adverse movements in interest rates on floating rate debt.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (a) Interest rate risk (cont'd)

#### Sensitivity analysis for interest rate risk

At the end of the reporting period, had the interest rates been 50 basis points (2024: 50 basis points) higher/lower, ceteris paribus, the Group's profit before tax and equity would have increased/(decreased) by the amounts shown below, mainly as a result of higher/lower interest income from deposits with financial institutions and changes in fair value of interest rate swap contracts:

Group	2025		2024	
	Profit before tax US\$'000	Equity US\$'000	Profit before tax US\$'000	Equity US\$'000
Increase in interest rates	500	3,999	184	1,238
Decrease in interest rates	(500)	(4,077)	(184)	(1,263)

### (b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group has transactional currency exposures arising from sales and purchases that are denominated in a currency other than the respective functional currencies of the Group's entities, primarily Indonesian Rupiah ("IDR") and USD. The foreign currencies in which these transactions are denominated are mainly USD, Singapore Dollar ("SGD") and Malaysian Ringgit ("MYR"). To the extent that the foreign denominated sales and purchases of the Group are not evenly matched in terms of quantum and/or timing, the Group has exposure to foreign currency risk.

The Group is also exposed to currency translation risk arising from its financial assets and liabilities that are denominated in currencies other than the respective functional currencies of the Group's entities.

To manage the currency risk, the Group may enter into foreign currency options and forward contracts to hedge against volatility in exchange rates.

The Group's foreign currency exposures are highlighted in Notes 23, 24, 26, 28, 29 and 31 respectively.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (b) Foreign currency risk (cont'd)

#### Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group's profit before tax and equity to a reasonably possible change in the IDR, SGD and MYR exchange rates against the USD as at the end of the reporting period, ceteris paribus.

Group	2025		2024	
	Profit before tax US\$'000	Equity US\$'000	Profit before tax US\$'000	Equity US\$'000
IDR against USD				
– strengthened 10% (2024: 10%)	(20,402)	273,812	(7,959)	229,905
– weakened 10% (2024: 10%)	22,204	(272,406)	9,728	(228,526)
SGD against USD				
– strengthened 5% (2024: 5%)	(181)	(151)	1,777	1,773
– weakened 5% (2024: 5%)	181	151	(1,777)	(1,773)
MYR against USD				
– strengthened 10% (2024: 10%)	115	104	474	(840)
– weakened 10% (2024: 10%)	(115)	(104)	(474)	840

### (c) Commodity price risk

The Group's exposure to commodity price risk arises primarily from its purchases of raw materials and sales of palm-based products. Prices of raw materials and palm-based products may fluctuate significantly depending on the market situation and factors such as weather, government policy, level of demand and supply in the market and the global economic environment. During periods of unfavourable price volatility, the Group may enter into forward physical contracts with suppliers and customers or use commodity futures, options and swap contracts in the conduct of business to manage our price risk.

#### Sensitivity analysis for commodity price risk

During the reporting period, had the average selling prices of palm-based products been 10% higher/lower, ceteris paribus, profit before tax for the financial year ended 31 December 2025 would have been US\$103.3 million (2024: US\$75.8 million) higher/lower.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (c) *Commodity price risk (cont'd)*

Sensitivity analysis for commodity price risk (cont'd)

At the end of the reporting period, had the market price of palm-based products been 10% higher/lower, ceteris paribus, the Group's profit before tax and equity would have (decreased)/increased by the amounts shown below, as a result of changes in fair value of commodity futures, options and swap contracts:

Group	2025		2024	
	Profit before tax US\$'000	Equity US\$'000	Profit before tax US\$'000	Equity US\$'000
Increase in prices of palm- based products	(1)	(1)	–	(6,485)
Decrease in prices of palm-based products	1	1	–	6,485

### (d) *Credit risk*

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations.

The Group's and the Company's exposure to credit risk arises primarily from trade and plasma receivables.

The Group trades only with recognised and creditworthy third parties and conducts business by requiring payment in advance, letter of credit, cash on delivery or may grant customers credit terms, where appropriate. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivables balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant.

For other financial assets (including cash and derivatives), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group and the Company consider the probability of default upon initial recognition of a financial asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The following are the quantitative and qualitative information about the expected credit losses provided by the Group.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (d) Credit risk (cont'd)

#### Trade receivables

The Group provides for lifetime ECL for its trade receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due by grouping of customers based on company size and payment mode. The calculation of the expected credit losses also incorporates forward looking information such as forecasts of economic conditions in the industry that the customers operate in.

Summarised below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

	Current US\$'000	<30 days past due US\$'000	31-60 days past due US\$'000	61-90 days past due US\$'000	>90 days past due US\$'000	Total US\$'000
<b>2025</b>						
Gross carrying amount	123,777	1,357	89	–	62	125,825
Loss allowance	711	–	–	–	–	711
<b>2024</b>						
Gross carrying amount	41,965	559	1	25	552	43,102
Loss allowance	421	–	–	–	–	421

Information regarding the movement in the allowance for expected credit loss of trade receivables is disclosed in Note 23.

#### Plasma receivables and financial guarantees provided for plasma bank loans

The Group computes expected credit loss for plasma receivables and the financial guarantees provided for plasma bank loans using the general approach. Loss allowance for 12-month ECL is recognised, which represents the consequences and probabilities of possible defaults. In calculating the expected credit loss rates, the Group considers the difference in credit spreads between the interest rate on loans provided by banks to the plasma farmers and the Indonesian Government bond yield rates, and adjusts for forward-looking information such as forecasts of future economic conditions and interest rates.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (d) Credit risk (cont'd)

Plasma receivables and financial guarantees provided for plasma bank loans (cont'd)

The movements in the allowance for expected credit losses of plasma receivables and the financial guarantees provided for plasma bank loans are as follows:

Group	2025		2024	
	Plasma receivables US\$'000	Financial guarantees US\$'000	Plasma receivables US\$'000	Financial guarantees US\$'000
At 1 January	839	1,658	1,004	2,075
Credit for the year (Note 9)	(114)	(329)	(121)	(327)
Exchange differences	(29)	(55)	(44)	(90)
At 31 December	696	1,274	839	1,658

### Excessive risk concentration

The Group's policies and procedures include specific guidelines on maintaining a diversified portfolio of counterparties, wherein counterparty limits are set to avoid excessive concentrations of credit risks in a single customer or bank. Any identified concentrations of credit risks are controlled and managed accordingly.

### Exposure to credit risk

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk is represented by:

- the carrying amount of each class of financial assets recognised in the balance sheets; and
- an amount of US\$88.8 million (2024: US\$100.8 million) relating to financial guarantees provided by certain subsidiaries for repayment of plasma farmers' loans to banks (Note 38(c)).

### Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring individual counterparties' outstanding balances on an ongoing basis.

At the end of the reporting period, 76.8% (2024: 89.5%) of the Group's trade receivables were due from three (2024: four) counterparties.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (d) Credit risk (cont'd)

Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are due from creditworthy debtors with good payment record with the Group. Cash and derivatives that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 13 and Note 23.

### (e) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting obligations due to shortage of funds. The Group monitors its liquidity risk by actively managing its operating cash flows, debt maturity profile and availability of funding. The Group also aims at maintaining flexibility in funding by keeping credit facilities available with different banks, including trade finance lines and committed credit facilities that can be used for the Group's purchases and general corporate purposes.

#### Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and the Company's financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

	One year or less US\$'000	One to five years US\$'000	Over five years US\$'000	Total US\$'000
<b>Group</b>

## 42. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the financial years ended 31 December 2025 and 2024.

The Group monitors capital through its Debt/EBITDA ratio, which is gross debt divided by profit from operations before depreciation, amortisation, expected credit losses and gains/(losses) arising from changes in fair value of biological assets ("EBITDA"). The Group's policy is to maintain a Debt/EBITDA ratio of no more than 3.75 times.

	Group	
	2025	2024
	US\$'000	US\$'000
Gross debt	954,431	270,125
EBITDA	614,924	398,940
Debt/EBITDA	1.55 times	0.68 times

## 43. SEGMENT INFORMATION

For management reporting purposes, the Group is organised into business units based on their products, and has two reportable segments as follows:

### (a) *Plantations and Palm Oil Mills*

Plantations and palm oil mills segment is principally involved in the cultivation and maintenance of oil palm plantations and operation of palm oil mills.

### (b) *Refinery and Processing*

Refinery and processing segment markets and sells processed palm-based products produced from the refinery, fractionation and biodiesel plants and other downstream processing facilities.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on EBITDA, which is not measured differently from EBITDA computed using the consolidated financial statements. Group financing (including finance costs) and income taxes are managed on a group basis and are not allocated to operating segments.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## 43. SEGMENT INFORMATION (CONT'D)

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

# Notes to the Financial Statements

For the financial year ended 31 December 2025

## **45. EVENTS AFTER THE REPORTING PERIOD**

On 25 February 2026, it was announced that the Group had disposed of its entire equity interest in PT Galempa Sejahtera Bersam ("PT GSB"), being an indirect subsidiary of PT ANJ, for cash proceeds of IDR 42.00 billion (approximately US\$2.5 million). The sale consideration was arrived at after arm's length negotiations on a willing buyer and willing seller basis, taking into account the existing assets and liabilities of PT GSB on an as-is basis. After the sale, PT GSB has ceased to be a subsidiary of the Company.

## **46. AUTHORISATION OF FINANCIAL STATEMENTS FOR ISSUE**

The financial statements for the financial year ended 31 December 2025 were authorised for issue in accordance with a resolution of the directors on 27 March 2026.
